Somers Public Works Department announces 2016 Road Resurfacing Projects

This year we are using a two-step road resurfacing process:

- The first step is a 20% crumb rubber chip seal which is scheduled for 7/28 - 7/29,
- The second step is an asphalt overlay which is scheduled for 8/11 - 8/12.

As always, these dates are subject to change due to weather variation and vendor availability.

The roads we are performing this resurfacing on are:

- BOBOLINK LA
- BRADFIELD DR
- BROOKFORD DR
- CRICKET LA
- GRASSHOPPER DR
- RIDGEWOOD RD
- TWINBROOK DR
- WHISPER WOODS DR

Thank you,

Todd Rolland
