Hamilton County, OH
8540 Sycamore Twp, OH 45236

RE: Denied Zoning Permit Application SYZ-16-382- Variance Request

Dear Board of Zoning Appeals,

Thank you for your time in considering the zoning variance for our future home located at 8541 Kenwood Road.

Our family has made an offer on the home across the street from your offices and love everything about it- except for the busy street. We have 2 kids (including a toddler) and 3 dogs and we are very concerned about their safety. We'd like to build a fence for our back yard that would provide a beautiful natural setting for our kids and dogs to play in safety. Unfortunately, the paper street to the north of the lot creates two "front yards." The presence of this paper street would eliminate approximately half of our actual back yard.

We would like to build a 4 foot 3 Rail Split Rail with Brown Coated wire fence around the entire actual backyard which would be both beautiful/natural and safe for our family.

Thank you so much for your consideration,

Callie Homel
