

Warrington Township  
Guide for **Mandatory**  
Commercial and Institutional Recycling  
Required by State Law and Municipal Ordinance

**2011 Recycling Rules**

---

Act 101 of 1988 and Warrington Township Ordinance require recycling of the following materials:

Commercial & Institutional Entities:

- Aluminum Cans
- Corrugated Cardboard
- Office Paper
- Yard Waste

Apartments & Residential Communities:

- Newspaper and Junk Mail
- Aluminum, Steel, and Bimetal Cans
- Clear, Amber, and Green Glass
- #1 & #2 Plastics
- Yard Waste

**All commercial and institutional business owners** in Warrington Township are required to report their recycling on a yearly basis. Each year, all businesses located in the Township are required to complete a ***Recycling Data Collection Form*** and return it to the recycling data collector. You will be asked to indicate the materials that your business generated and the name of the hauling company that collected the materials. Yard waste (grass, leaves, tree limbs and shrubs) must be separated from other waste and you must provide the name of the landscaper or hauler to the recycling data collector.

**All apartment complexes or residential communities (nursing homes, condominiums, retirement communities, etc.)** are required to provide a recycling program for their residents. ***At a minimum, you must collect co-mingled recyclables (including aluminum cans, glass, steel and bimetal cans and number 1 and 2 plastics); and newspapers, office paper, junk mail, cardboard and other clean paper.*** Materials should be sorted or mixed as specified by your hauler. You are required to report the recyclable materials generated at your facility. Yard waste (grass, leaves, tree limbs and shrubs) must be separated from other waste and you must provide the name of the landscaper or hauler to the recycling data collector.

**PLEASE RETAIN THIS GUIDE FOR YOUR RECORDS.**
