

WILMINGTON FIRE DEPARTMENT

2010 was certainly a different year for the Fire Department. After nearly a decade of growth in everything from full-time manpower to equipment and calls for service, we were hit by the economy in 2010 and had to reduce manpower.

Calls for service remained even with the numbers we saw in 2009, but we are still about 250 calls below our busiest years. We keep busy with fire inspections and community activities with the Fire Safety House. Every year we test all of our fire hoses as well as every fire hydrant in our service area.

We are fortunate in our community to have business owners and employees who watch out for fire safety issues and work well with us at fixing problems we find. We use the Ohio Fire Code Standards on which to base our findings when we are out inspecting or touring businesses.

	Fire Runs	EMS Runs	Total Runs
2000	472	1926	2398
2001	542	2160	2702
2002	408	2048	2456
2003	486	2214	2700
2004	542	2495	3037
2005	654	2494	3148
2006	691	2579	3270
2007	772	2683	3455
2008	736	2726	3462
2009	565	2638	3203
2010	514	2680	3194

Each New Year brings new possibilities and we look forward to 2011.
