CONTRACTOR NOTIFICATION

TO: ALL CONTRACTORS / SUB-CONTRACTORS

FROM: THE FACILITY ASBESTOS CONTACT PERSON

SUBJECT: ASBESTOS-CONTAINING MATERIALS IN THIS BUILDING

Asbestos-Containing Material (ACM) is present in many buildings. The presence of ACM does not necessarily mean that a hazard exists; however, a hazard may be created when ACM is disturbed and asbestos fibers become airborne. The best way to maintain a safe environment is to avoid the disturbance of ACM.

It is possible that you may encounter ACM while working in buildings. In the main office there is a summary of known locations of ACM in the buildings. The summary may or may not be all-inclusive. Therefore, workers must exercise caution and be watchful for materials that might contain asbestos. Avoid disturbing ACM or suspected ACM as you carry out your work.

If your work necessitates the disturbance of ACM you shall take whatever precautions are necessary to protect human health and the environment from asbestos fibers. At a minimum, you will use the procedures found in the Operations and Maintenance Plan for that particular facility and/or the City of Winter Haven Asbestos Control Program and comply with all Federal, State, and Local laws governing working with asbestos.

Your employer is responsible for assuring that you are medically certified, trained, and equipped with the proper personal protective devices for safe handling of ACM. You must notify the Facility Asbestos Contact Person before disturbing any asbestos-containing materials in the buildings.

If you need additional information regarding ACM in a particular building or would like to see a copy of the Operations and Maintenance Plan, or the Asbestos Control Program contact the City Engineering Department.
