RFQ-11-21
Design- Build Pool Shower Heating System
COL Complex
201 Cypress Gardens Blvd.

Scope of work:

It is the intent of the following specification to describe the **minimum** requirements Design a new water heating system meeting current Florida building codes and any and all other applicable building codes and industry standards to replace the original system and eliminate the old tank type water heater. The existing water heater will be abandoned in place with all ties to the water and electrical systems removed. Existing duct and equipment may be re-used where possible; if reused, compliance with current codes and standards is required.

The City will waive all permit fees, but not permits and inspections where required.

Mandatory Site Visit:

A Mandatory Site Visit will be held 9:00 A.M., January 12, 2011, at the Pool Guard Room, Chain of Lakes Complex, 210 Cypress Gardens Blvd., Winter Haven, FL. 33880. The meeting will offer an opportunity for site review and any questions which may arise during the site visit. **Failure to attend the Mandatory Site Visit will disqualify potential bidders.**

Specifications:

Provide all necessary load calculations, material, labor, equipment and supervision necessary to install two high efficiency Rinnai REU-VB2735FFUD-US 9.4 GPM or equal surface mount natural gas tank less water heaters at the above location. Heaters are to be plumbed in series. Installation will include all equipment, valves, piping, controllers, necessary duct work, any required support systems, and any and all other equipment not specifically identified, to provide a properly functioning system. The selected bidder will be responsible for assuring all work is performed by appropriately licensed contractors licensed in the State of Florida and complying with all current industry standards and building codes.

Warranty:

Selected contractor will provide a minimum 1 year full parts and labor warranty and manufacturer's full equipment warranty.

Submittals:

Submit design plan (equipment requirements, duct work, location etc.)
Submit manufacturer's warranty information.
Submit maintenance and service requirements.
