Cleaning and Resealing of Brick Pavers

Location: Both Sides of 3rd Street from Avenue A, NW to Magnolia Avenue, SW Winter Haven, FL

Bid Notes: The City request quotations for the Cleaning and Sealing of Brick Pavers per square foot. Contractor is required to furnish all supplies, equipment, tools and labor necessary to perform the work as specified in the specifications, or as directed by the Project Manager.

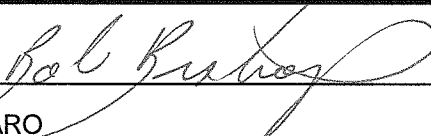

Specification: Cleaning and Sealing will be performed on Sundays only to prevent minimal impact to Local Downtown Business and Special Events. Cleaning Pavers - existing pavers shall be clean and free of oil, tar, stain and grime. Contractor may use a pressure washer but water pressure shall not exceed 3000 psi. If pavers have heavy oils or petroleum stains on them, contractor must apply a commercial grade cleaner to remove all stains properly from the paver surface without damage to paver surface or color. Sealing Pavers - pavers shall be exceptionally clean from stains and grime and no moisture remaining on them. After cleaning, pavers must cure for 12 hours before sealing. Contractor shall use a sprayer and/or roller to apply the sealant. A minimum of two (2) seal coats shall be applied evenly; the first coat shall dry completely before applying the second coat. **Note: A Certified Interlocking Concrete Paver Installer shall apply sealant made from 100% acrylic resin that provides water and UV light resistance and adheres to a variety of substrates.**

The successful bidder(s) must furnish proof of workers compensation, general liability and automobile coverage of at least \$500,000.00, with the City of Winter Haven named as additional insured within 48 hours after award.
