

STURGEON LANE (BRAMPTON) LIGHTING DISTRICT – CORRECTIVE RESOLUTION

RESOLUTION No. 48-07

Hamilton County, Ohio

Be It Resolved by the Township Trustees of Colerain Township, that

Whereas, on July 10, 2007, the Board of Trustees held hearing on a petition praying that the Board take all lawful and proper proceedings to light artificially, through the installation of eleven (11) lights, the streets and public ways for Sturgeon Lane, including Brampton, Manistee, Sturgeon, Petobego and Mancelona Drives, and at the conclusion of the hearing approved the petition; and

Whereas Resolution 31-07 approving this lighting district contained a clerical error, and approved the installation of only ten (10) lights, not the full eleven (11) lights depicted on the layout and design submitted by Duke Energy which included Petobego Drive, which layout was part of the petition; and

Whereas Petobego Drive was in fact included in the petition, and the owners of 77% of the required front feet of the land along the right of way of that street joined in the petition, and those property owners are now requesting installation of the 11<sup>th</sup> light.

Now therefore, Be It

Resolved that the Board of Trustees does determine that the installation of the said 11<sup>th</sup> light of the said lighting district, in the location on Petobego Drive, as shown on the attached plan, was part of the original plan and part of the petition, and accordingly amends Resolution 31-07 to include the 11<sup>th</sup> light, to correct the earlier clerical error.

Adopted the 9<sup>th</sup> day of October 2007
