RE:	Point Mallard – water wall feature Huntsville, AL	

MESSAGE:

The following request for pricing is being presented upon the request Point Mallard.

Quote: Please add to the contract price for Burleson Pool Co., Inc. to furnish and install a custom water feature wall on the outside of the pool equipment building. The water feature wall to replicate the park entrance water fall with a *custom 30' stainless steel scupper* feature, an 8" x 38' steel support I beam as required for scupper opening/roof support, an upper water trough with spillover water flow steps (flowing into the lower trough which is part of base bid), steps at water flow to be capped, two (2) 6' radiused planters with cap blocks, decorative split faced block walls at building in lieu of a standard CMU block building, decorative coating at water wall as required to seal wall from water……..…**ADD $59,348.00**

- Price does not include: custom Point Mallard sign or installation of sign, landscaping or landscaping lights.

If approved please sign, date and fax to Burleson Pool Co., Inc. at 837-2854.

_____Date:_____

Please contact me as we can be of assistance.

Respectfully submitted
