ARTICLE II

FINDINGS

Section 2.1 Findings. The Council does hereby find and declare that the following facts are true and correct:

(a) It is necessary, desirable and in the public interest that the City make certain capital improvements to the Water System (the "Project"), the estimated costs of the said improvements being in excess of \$490,000.

(b) The City has heretofore filed an application with ADEM for the purpose of obtaining a loan from the Authority to provide funds to pay a portion of the costs of the Project.

(c) The Authority has determined to make the Authority Loan to the City, and the current capitalization grant agreement among the Authority and EPA requires, among other things, that all projects funded in whole or part with the Loan Amount, including the Project, be constructed in accordance with certain provisions of the Davis-Bacon Act.

(d) The City has represented to the Authority that the City will spend or commit to binding construction contracts for Allowable Costs respecting the project by not later than October 1, 2013, the portion of the Authority Loan deposited into the Project Fund.

(e) The City understands that under the Special Authority Loan Conditions Agreement the Authority may at any time on or after October 1, 2013, reduce

the Authority Loan by the amount of that portion of the Loan Amount on deposit in the Project Fund not committed to binding construction contracts (and such uncommitted amount of the Loan Amount herein called the "Uncommitted Portion"), all as more particularly set forth in the Special Authority Loan Conditions Agreement.

(f) The award of the Authority Loan to the City will be of substantial economic benefit to the City and to its citizens by reducing the amount of principal and interest that would be payable by the City if the funds were borrowed from other sources.

(g) The Council deems it necessary, desirable and in the public interest that the City obtain the Authority Loan for the purpose of providing funds to finance the costs of the Project. In order to accept the Authority Loan and to evidence the obligation of the City to repay the Authority Loan, the City deems it necessary, desirable and in the public interest that the Series 2012-DWSRF-DL Warrant hereinafter authorized be issued.

(h) The Series 2012-DWSRF-DL Warrant is being issued as Additional Subordinated Debt pursuant to the provisions of Section 3.2(b) of the 2009 SRF Ordinance.

(d) **Interest Rate and Loan Amount after Maturity.** Each installment of principal of and interest on the Series 2012-DWSRF-DL Warrant shall bear interest after its due date until paid at a per annum rate of interest equal to 2% above the Authority Trustee Prime Rate.

(e) **Redemption Provisions.** Those of the principal installments of the Series 2012-DWSRF-DL Warrant having stated maturities on August 15, 2023, and thereafter may be redeemed and paid prior to their respective maturities, at the option of the City, as a whole or in part (but if in part, in the inverse order of installments of principal), on August 15, 2022, and on any Interest Payment Date thereafter, at and for a redemption price with respect to each principal installment of the Series 2012-DWSRF-DL Warrant redeemed equal to the principal prepaid plus accrued interest thereon to the Redemption Date. Any such redemption or prepayment of the Series 2012-DWSRF-DL Warrant shall be effected in the following manner:

(1) **Call.** The City shall by Resolution call for redemption and prepayment of the Series 2012-DWSRF-DL Warrant (or principal portions thereof) on the stated date when it is by its terms subject to redemption, and shall recite in said Resolution that the City is not in default with respect to payment of the principal of or interest on the Series 2012-DWSRF-DL Warrant.

Such notice shall be so mailed not less than forty-five (45) days nor more than ninety (90) days prior to the Redemption Date. The Holder of the Series 2012-DWSRF-DL Warrant may waive the requirements of this subsection.

(3) **Payment of Redemption Price.** The City shall make available at the Authority Trustee the total Redemption Price of the Series 2012-DWSRF-DL Warrant or principal installments thereof so called for redemption and shall further provide to the Authority a certified copy of the Resolution required in subsection (a) of this section.

All future interest on the Series 2012-DWSRF-DL Warrant (or principal portions thereof) so called for redemption shall cease to accrue after the Redemption Date. Out of the moneys so deposited with it, the Authority Trustee shall make provision for payment of the Series 2012-DWSRF-DL Warrant (or principal portions thereof) so called for redemption at the Redemption Price and on the Redemption Date.

Section 3.2 Source of Payment of Series 2012-DWSRF-DL Warrant; Restrictions on Issuance of Water System Debt. (a) **Pledge of Net System Revenues.** The indebtedness evidenced and ordered paid by the Series 2012-DWSRF-DL Warrant is and shall be payable solely from the Net System Revenues. The City hereby pledges so much as may be necessary of the Net System Revenues for payment of the principal and interest on the Series 2012-DWSRF-DL Warrant on a parity of lien with respect to the pledge of Net System Revenues made in favor of all other Subordinated Warrants; subject, however, to the prior lien of the Net System Revenues in favor of the Prior Lien Securities. Neither the Series 2012-DWSRF-DL Warrant nor any agreement herein or in the Special Authority Loan Conditions Agreement shall constitute a general indebtedness of the City within the meaning of any state constitutional or statutory provision or limitation. The full faith and credit of the City shall not be pledged for payment of principal or interest in the Series 2012-DWSRF-DL Warrant. The covenants and agreements contained herein or in the Special Authority Loan Conditions Agreement do not and shall never constitute or give rise to a personal or pecuniary liability or charge against the general credit of the City, and in the event of a breach of any such covenant or agreement, no personal or pecuniary liability from the general assets or revenues of the City, except the Net System Revenues, shall arise therefrom.

(b) **Additional Subordinated Debt.** While the City is not in default in payment of the principal or of the interest on any Water System Debt, it may at any time and from time to time issue Additional Subordinated Debt, upon satisfaction of at least one of the following conditions:

(i) the City shall obtain the written consent of the Authority to the issuance of such Additional Subordinated Debt; or

(ii) not less than ten (10) days prior to the issuance of any such Additional Subordinated Debt, the City shall furnish a certificate of an Independent Auditor (with a copy of such certificate to be delivered to the Authority) certifying that the Net System Revenues for the fiscal year immediately preceding that during which the proposed Additional Subordinated Debt is to be issued were not less than one hundred and ten

percent 110% of the maximum annual debt service payable during any fiscal year on all Water System Debt then outstanding plus the Additional Subordinated Debt then proposed to be issued; or

(iii) not less than ten (10) days prior to the issuance of any such Additional Subordinated Debt, the City shall furnish a certificate signed by an Independent Auditor stating that if any increase in rates for service from the Water System that has actually been implemented prior to the date of issuance of such Additional Subordinated Debt had been in effect throughout the fiscal year immediately preceding the fiscal year during which the proposed Additional Subordinated Debt is to be issued, Net System Revenues during such immediately preceding fiscal year would have been not less than one hundred and twenty-five percent (125%) of the maximum annual debt service payable during any fiscal year on all Water System Debt then outstanding plus the Additional Subordinated Debt then proposed to be issued.

(c) **Restriction on Issuance of Prior Lien Securities.** The City agrees that until such time as the Series 2012-DWSRF-DL Warrant has been paid in full that it will not issue any Prior Lien Securities unless the City makes a finding and determination that Net System Revenues will, immediately following the issuance of such Prior Lien Securities, be sufficient to make timely payment of all principal and interest on the Series 2012-DWSRF-DL Warrant. The City hereby further covenants and agrees that prior to the issuance of any Prior Lien Securities the City shall either:

(i) obtain the written consent of the Authority to the issuance of such Prior Lien Securities; or

(ii) not less than ten (10) days prior to the issuance of such Prior Lien Securities, the City shall furnish a certificate of an Independent Auditor (with a copy of such certificate to be delivered to the Authority) certifying that the Net System Revenues for the fiscal year immediately preceding that during which such Prior Lien Securities are to be issued were not less than one hundred and ten percent (110%) of the maximum annual debt service payable during any fiscal year on all Water System Debt (whether issued as equal lien parity debt under the Master Warrant Ordinance, as Additional Subordinated Debt hereunder, or otherwise) then outstanding plus the Prior Lien Securities then proposed to be issued; or

(iii) not less than ten (10) days prior to the issuance of such Prior Lien Securities, the City shall furnish a certificate signed by an Independent Auditor (with a copy of such certificate to be delivered to the Authority) stating that if any

increase in rates for service from the Water System that has actually been implemented prior to the date of issuance of such Prior Lien Securities had been in effect throughout the fiscal year immediately preceding the fiscal year during which such Prior Lien Securities are to be issued, Net System Revenues during such immediately preceding fiscal year would have been not less than one hundred and ten percent (110%) of the maximum annual debt service payable during any subsequent fiscal year with respect to all Water System Debt (whether issued as equal lien parity debt under the Master Warrant Ordinance, as Additional Subordinated Debt, or otherwise) then outstanding and the Prior Lien Securities then proposed to be issued.

Section 3.3 Warrant Fund. (a) Payments Therein and Use and Continuance Thereof. There is hereby created a special fund to be designated the “City of Decatur Series 2012-DWSRF-DL Warrant Fund” (the “Warrant Fund”) for the purpose of providing for the payment of the principal of and interest on the Series 2012-DWSRF-DL Warrant, at the respective maturities of said principal and interest, which special fund shall be maintained until the principal of and interest on the Series 2012-DWSRF-DL Warrant has been paid in full. On or before February 15, 2014, and on or before each February 15 and August 15 thereafter until the principal of and interest on the Series 2012-DWSRF-DL Warrant shall have been paid in full, the City will pay into the Warrant Fund an amount equal to the sum of (i) the interest that will mature on the Series 2012-DWSRF-DL Warrant on such August 15 or February 15, as the case may be, plus (ii) the principal installment that will mature on the Series 2012-DWSRF-DL Warrant on such August 15 (interest on the Series 2012-DWSRF-DL Warrant from October 1 2012, until and including December 31 2013, having been capitalized).

(b) **Use of Moneys in Warrant Fund.** All moneys paid into the Warrant Fund shall be used only for payment of the principal of and the interest on the Series 2012-DWSRF-DL Warrant upon or after the respective maturities of such principal and interest; provided, that if at the final maturity of the Series 2012-DWSRF-DL Warrant, however the same may mature, there shall be in the Warrant Fund moneys in excess of what shall be required to pay in full the principal of and the interest on the Series 2012-DWSRF-DL Warrant, then any such excess shall thereupon be returned to the City.

(c) **Appointment of Registrar and Paying Agent.** The City hereby appoints the Authority Trustee as registrar and paying agent with respect to the Series 2012-DWSRF-DL Warrant.

(d) **Trust Nature of and Security for the Warrant Fund.** The Warrant Fund shall be and at all times remain public funds impressed with a trust for the purpose for which the Warrant Fund is herein created. Each depository for any part of the Warrant Fund shall at all times keep the moneys on deposit with it in the Warrant Fund continuously secured for the benefit of the City and the Holder of the Series 2012-DWSRF-DL Warrant either:

(1) by holding on deposit as collateral security United States Securities or other marketable securities eligible as security for the deposit of trust funds under regulations of the Board of Governors of the Federal Reserve System, having a market value (exclusive of accrued interest) not less than the amount of moneys on deposit in the Series 2012-DWSRF-DL Warrant Fund, or

(2) if the furnishing of security in the manner provided in the foregoing clause (1) of this sentence is not permitted by the then applicable law and regulations, then in such other manner as may be required or permitted by the applicable state and federal laws and regulations respecting the security for, or granting a preference in the case of, the deposit of public funds;

provided, however, that it shall not be necessary for any such depository so to secure any portion of the moneys on deposit in the Warrant Fund that may be insured by the Federal Deposit Insurance Corporation (or by any agency of the United States of America that may succeed to its functions).

Section 3.4 Form of Series 2012-DWSRF-DL Warrant. The Series 2012-DWSRF-DL Warrant shall be in substantially the following form, with such insertions, omissions and other variations as may be necessary to conform to the provisions hereof:

This evidences a duly authorized warrant designated \$490,000 Subordinated Water Revenue Warrant, Series 2012-DWSRF-DL, dated October 1, 2012 (herein called the “Series 2012-DWSRF-DL Warrant”). This Series 2012-DWSRF-DL Warrant is issued only as a single fully registered warrant pursuant to the applicable provisions of the Constitution and laws of Alabama, including particularly Section 11-47-2 of the Code of Alabama 1975, as amended, and an ordinance (the “Ordinance”) of the City duly adopted by the governing body of the City on September 17, 2012.

Upon the giving of notice of redemption in accordance with the provisions of the Ordinance, this warrant (or principal installments thereof) so called for redemption and prepayment shall become due and payable on the date specified in such notice, anything herein or in the Ordinance to the contrary notwithstanding, and the Holder hereof shall then and there surrender for prepayment, and all future interest on the Series 2012-DWSRF-DL Warrant (or principal installments thereof) so called for prepayment shall cease to accrue after the date specified in such notice, whether or not the Series 2012-DWSRF-DL Warrant is so presented.

The indebtedness evidenced and ordered paid by this Series 2012-DWSRF-DL Warrant is a limited obligation of the City, payable solely out of revenues from the water works plant and distribution system of the City (which, as presently or hereafter constituted, is herein called the "System") remaining after payment of the expenses of administering, operating, and maintaining the System (the "Net System Revenues"), subject to the prior and superior lien on the Net System Revenues in favor of certain outstanding prior lien warrants and warrants which may hereafter be issued on a parity therewith. In the proceedings whereunder this Series 2012-DWSRF-DL Warrant is authorized to be issued, the City has reserved the privilege of issuing additional warrants, without express limit as to principal amount, payable from and secured by a pledge of the Net System Revenues on parity with this Series 2012-DWSRF-DL Warrant, upon compliance with the several conditions in said proceedings.

Reference is hereby made to the provisions of the Special Authority Loan Conditions Agreement referred to in the Ordinance wherein the Authority reserved the right, subject to conditions set out in the said agreement, to withdraw amounts from the Project Fund (as such term is defined in the Ordinance) and reduce the principal amount of the Authority Loan evidenced hereby and to provide, in such case, a revised amortization schedule respecting the amount of principal owed hereunder following any such withdraw or reduction, and this warrant shall be deemed amended to reflect such revised principal amortization schedule without further action by the City or the Council; and, further, if requested by the Authority, upon any such reduction of the loan and withdraw of amounts from the Project Fund by the Authority as aforesaid the City shall provide to the Authority (at the sole cost and expense of the City) a replacement Series 2012-DWSRF-DL Warrant reflecting said revised amortization schedule.

This Series 2012-DWSRF-DL Warrant is transferable by the registered holder hereof, in person or by authorized attorney, only on the books of the Authority Trustee (the registrar and transfer agent of the City) and only upon surrender of this Series 2012-DWSRF-DL Warrant to the Authority Trustee for cancellation, and upon any such transfer a new Series 2012-DWSRF-DL Warrant of like tenor hereof will be issued to the transferee in exchange therefor, all as more particularly described in the Ordinance. Each holder, by receiving or accepting this Series 2012-DWSRF-DL Warrant, shall consent and agree and shall be estopped to deny that, insofar as the City and the Authority Trustee are concerned, this Series 2012-DWSRF-DL Warrant may be transferred only in accordance with the provisions of the Ordinance.

The Authority Trustee shall not be required to transfer or exchange this Series 2012-DWSRF-DL Warrant during the period of fifteen (15) days next preceding any February 15 or August 15; and in the event that this Series 2012-DWSRF-DL Warrant (or any principal portion hereof) is duly called for redemption and prepayment, the Authority Trustee shall not be required to register or transfer this Series 2012-DWSRF-DL Warrant during the period of forty-five (45) days next preceding the date fixed for such redemption and prepayment.

**ARTICLE II
LOAN AND USE OF PROCEEDS**

Section 2.1 Making of Loan; Use of Project Fund Moneys. (a) The execution and delivery of this Agreement by the Authority shall constitute the making of the Authority Loan to the Loan Recipient, and the execution and delivery of this Agreement and the Loan Documents by the Loan Recipient shall constitute the incurring of indebtedness, subject to the terms and conditions hereof and the terms and conditions of the Loan Documents and Authority Indenture. The Authority represents that it has deposited the Loan Amount (other than that portion referable to capitalized interest) into the Project Fund, which such amount was made available to the Loan Recipient by the Authority for the purpose of constructing the Project. Investment earnings received as a result of the investment of all funds held under the Authority Indenture (including, without limitation, all amounts held in the Project Fund) shall be retained by the Authority and shall not be available to the Loan Recipient, nor shall any such interest earnings form a part of the funds in the account or subaccount from which such investment earnings were earned. The Loan Recipient understands that it shall be responsible for payment of any expenses incurred by it in obtaining the Authority Loan.

(b) The Loan Recipient has heretofore represented to the Authority that the Loan Recipient will spend and/or commit the Loan Amount to binding construction contracts for Allowable Costs within one year from the closing of the Authority Loan made hereunder, which such representation the Loan Recipient understands was material to the Authority in determining to make the Authority Loan. The Loan Recipient understands and acknowledges that, in order to enable the Authority to properly administer the State Revolving Fund loan program, the Authority may withdraw from the Project Fund whatever portion of the Loan Amount that the Authority has determined has not been expended or committed to binding construction projects for Allowable Costs by or at any time after January 31, 2014, and make the amounts so withdrawn available to other borrowers in the State that the Authority believes will be able to commit the portion of the Loan Amount so withdrawn to binding construction contracts for Allowable Costs within an acceptable time period.

(c) The Loan Recipient shall use the Project Funds only to pay Allowable Costs of the Project. The Loan Recipient understands that the Project is generally described in Appendix A and more specifically in the Project files of ADEM. Except to the extent otherwise approved in writing by ADEM, only the Allowable Costs of the Project in Appendix A shall be funded with proceeds on deposit in the Project Fund created in the Authority Indenture. Disbursement of moneys on deposit in the Project Fund shall be made only for payment of costs of construction called for in plans and specifications examined and concurred with by ADEM.

(d) The Loan Recipient understands and agrees the Estimated Final Completion Date of the Project is set forth in Appendix A. The Loan Recipient further understands and agrees that repayment of the Authority Loan has been determined based upon the Estimated Final Completion Date and the representation of the Loan Recipient that the Loan Amount will be spent or otherwise committed to binding construction contracts for Allowable Costs by October 1 2013, and that an amortization schedule shown on Appendix C hereto, based upon the Estimated Final Completion Date and the representations of the Loan Recipient

regarding its use of the Loan Amount, has been furnished to the Loan Recipient. The Loan Recipient understands and agrees that any delay in the completion of the Project beyond the date set forth in Appendix A shall not result in any extension of the dates on which the payments are to be made with respect to the Authority Loan as set forth in the amortization schedule, and that the obligation of the Loan Recipient to repay the amounts withdrawn from the Project Fund for the Project, together with interest thereon at the Loan Recipient Interest Rate, as provided in the Loan Documents, shall be absolute and unconditional.

(e) The Loan Recipient understands that the amount of the Authority Loan made by the Authority and accepted by the Loan Recipient is based upon the estimated cost of the Project. In the event the actual cost of the Project exceeds the amount of the Authority Loan (as such Authority Loan may be reduced pursuant to Section 2.2 hereof), the Authority shall be under no obligation to provide any additional funds to the Loan Recipient, it being the sole responsibility of the Loan Recipient to provide funds sufficient to complete construction of the Project.

Section 2.2 Reduction of Authority Loan.

(a) The Loan Recipient hereby understands, acknowledges and agrees that if, for whatever reason (including, without limitation, acts of God or other acts, conditions or circumstances beyond the control or influence of the Loan Recipient), the Loan Amount has not been expended or committed to binding construction contracts for Allowable Costs by January 31, 2014, the Authority shall have the unconditional right on January 31, 2014, and on any date thereafter, to withdraw all or a portion of the amount that has not been spent and/or committed to binding construction contracts for Allowable Costs and make the amount so withdrawn available to other eligible borrowers in the State. In order to enable the Authority to administer its rights set forth in this Section 2.2, the Loan Recipient shall, by January 15, 2014, certify to the Authority the amount, if any, then on deposit in the Project Fund that is committed to binding construction contracts for Allowable Costs, together with copies of such construction contracts or other agreements, documents, certificates, instruments and materials as the Authority in its sole discretion shall determine to be reasonably necessary to enable the Authority to verify the same. The Loan Recipient further agrees to provide such information at any time after January 15, 2014, if requested by the Authority. At any time on or after January 31, 2014, the Authority shall have the full and unconditional right to determine (the date of any such determination herein called the "Determination Date"), based upon the information provided by the Loan Recipient and such other information as the Authority may deem necessary or advisable, whether and to what extent any unspent portions of the Loan Amount have not been committed to binding construction contracts for Allowable Costs. The Authority shall have the full and unconditional right to reduce from the Loan Amount any Project Funds the Authority has identified as not having been committed to binding construction contracts for Allowable Costs as of the Determination Date (the "Unobligated Project Fund Amount"), and withdraw the same from the Project Fund. Following the said withdrawal from the Project Fund, the Authority shall notify the Loan Recipient of the same and submit to the Loan Recipient a revised amortization schedule on a pro rata basis (a "Revised Amortization Schedule") in substitution of the amortization schedule shown on Appendix C hereto.

By way of example of the foregoing, assume the initial Loan Amount is \$100,000. If, as of January 31, 2014, the amount on deposit in the Project Fund totals \$60,000, and of that amount the Authority determines the Loan Recipient has executed binding construction contracts for the expenditure of \$10,000 for Allowable Costs, the Unobligated Project Fund Amount shall equal \$50,000. Accordingly, the Authority shall have the right to withdraw (or cause the Authority Trustee to withdraw) \$50,000 from the Project Fund. Upon such withdrawal, the Authority Loan shall be reduced to \$50,000 and the Authority shall provide the Loan Recipient with a Revised Amortization Schedule.

(b) The Loan Recipient understands, acknowledges and agrees that the Authority shall have no obligation whatsoever to make any amounts available to the Loan Recipient, whether by grant, loan or otherwise, to offset any Unobligated Project Fund Amount withdrawn from the Project Fund as described in subparagraph (a) above, it being the sole responsibility of the Loan Recipient to provide funds sufficient to complete construction of the Project. The Authority and its directors, employees, agents, and counsel shall not be liable or otherwise responsible to the Loan Recipient or any other person for computations, determinations or findings made with respect to the identification by the Authority of any Unobligated Project Fund Amount.

(c) Each installment of principal of the Authority Loan shall bear interest from its due date until paid at the per annum rate of interest equal to 2% above the Authority Trustee Bank Prime Rate, such interest to be computed daily. As used in the preceding sentence, "Authority Trustee Bank Prime Rate" means the rate of interest established (whether or not charged) from time to time by the Authority Trustee as its general reference rate of interest, after taking into account such factors as the Authority Trustee may from time to time deem appropriate in its sole discretion (it being understood, however, that the Authority Trustee may from time to time make various loans at rates of interest having no relationship to such general reference rate of interest).

Section 2.3 Disbursements. (a) The Authority Trustee shall make disbursements to or on behalf of the Loan Recipient only against incurred Allowable Costs to the extent of the Project Funds as provided in this Agreement and in the Authority Indenture.

The initial Disbursement request shall also be accompanied by an opinion addressed to the Authority from counsel for the Loan Recipient. The opinion shall state that the opinions expressed in the opinion of counsel submitted to the Authority by the Loan Recipient with this Agreement remain valid, including without limitation the advice that this Agreement is a legal, valid and binding obligation of the Loan Recipient, enforceable in accordance with its terms. Such opinion shall also address such other matters as may be requested by the Authority.

Section 2.5 Administrative Fee. ADEM has been designated as the agent of the Authority to service the Authority Loans. The Loan Recipient understands that a portion of the payments made with respect to the Authority Loan shall be paid to ADEM as administrative expenses of ADEM in connection with the administration of the State Revolving Fund.

Davis-Bacon Act Requirements Summary
Wage Rate Requirements Under FY 2012 Appropriation Act

I. Requirements under FY 2012 Appropriations Act For Subrecipients That Are Governmental Entities:

The following terms and conditions specify how recipients will assist EPA in meeting its DB responsibilities when DB applies to EPA awards of financial assistance under the FY 2012 Appropriations Act with respect to State recipients and subrecipients that are governmental entities. If a subrecipient has questions regarding when DB applies, obtaining the correct DB wage determinations, DB provisions, or compliance monitoring, it may contact the State recipient. If a State recipient needs guidance, the recipient may contact Dorothy L. Rayfield, Chief, Grants, Finance and Cost Recovery Branch, Regional EPA DB contact at (404) 562-9278 or Rayfield.Dorothy@epa.gov for guidance. The recipient or subrecipient may also obtain additional guidance from DOL's web site at <http://www.dol.gov/esa/whd/recovery/>

1. Applicability of the Davis- Bacon (DB) prevailing wage requirements.

Under the FY 2012 Appropriation Act, Davis-Bacon prevailing wage requirements apply to the construction, alteration, and repair of treatment works carried out in whole or in part with assistance made available by a State water pollution control revolving fund and to any construction project carried out in whole or in part by assistance made available by a drinking water treatment revolving loan fund. If a subrecipient encounters a unique situation at a site that presents uncertainties regarding DB applicability, the subrecipient must discuss the situation with the recipient State before authorizing work on that site.

2. Obtaining Wage Determinations.

(a) Subrecipients shall obtain the wage determination for the locality in which a covered activity subject to DB will take place prior to issuing requests for bids, proposals, quotes or other methods for soliciting contracts (solicitation) for activities subject to DB. These wage determinations shall be incorporated into solicitations and any subsequent contracts. Prime contracts must contain a provision requiring that subcontractors follow the wage determination incorporated into the prime contract.

(i) While the solicitation remains open, the subrecipient shall monitor www.wdol.gov weekly to ensure that the wage determination contained in the solicitation remains current. The subrecipients shall amend the solicitation if DOL issues a modification more than 10 days prior to the closing date (i.e. bid opening) for the solicitation. If DOL modifies or supersedes the applicable wage determination less than 10 days prior to the closing date, the subrecipients may request a finding from the State recipient that there is not a reasonable time to notify interested contractors of the modification of the wage determination. The State recipient will provide a report of its findings to the subrecipient.

(ii) If the subrecipient does not award the contract within 90 days of the closure of the solicitation, any modifications or supersedes DOL makes to the wage determination contained in

the solicitation shall be effective unless the State recipient, at the request of the subrecipient, obtains an extension of the 90 day period from DOL pursuant to 29 CFR 1.6(c)(3)(iv). The subrecipient shall monitor www.wdol.gov on a weekly basis if it does not award the contract within 90 days of closure of the solicitation to ensure that wage determinations contained in the solicitation remain current.

(b) If the subrecipient carries out activity subject to DB by issuing a task order, work assignment or similar instrument to an existing contractor (ordering instrument) rather than by publishing a solicitation, the subrecipient shall insert the appropriate DOL wage determination from www.wdol.gov into the ordering instrument.

(c) Subrecipients shall review all subcontracts subject to DB entered into by prime contractors to verify that the prime contractor has required its subcontractors to include the applicable wage determinations.

(d) As provided in 29 CFR 1.6(f), DOL may issue a revised wage determination applicable to a subrecipient's contract after the award of a contract or the issuance of an ordering instrument if DOL determines that the subrecipient has failed to incorporate a wage determination or has used a wage determination that clearly does not apply to the contract or ordering instrument. If this occurs, the subrecipient shall either terminate the contract or ordering instrument and issue a revised solicitation or ordering instrument or incorporate DOL's wage determination retroactive to the beginning of the contract or ordering instrument by change order. The subrecipient's contractor must be compensated for any increases in wages resulting from the use of DOL's revised wage determination.

3. Contract Subcontract Provisions.

(a) The Recipient shall insure that the subrecipient(s) shall insert in full in any contract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a treatment work under the DWSRF or a construction project under the DWSRF financed in whole or in part from Federal funds or in accordance with guarantees of a Federal agency or financed from funds obtained by pledge of any contract of a Federal agency to make a loan, grant or annual contribution (except where a different meaning is expressly indicated), and which is subject to the labor standards provisions of any of the acts listed in § 5.1 or the FY 2012 appropriation Act, the following clauses:

(1) Minimum wages.

(i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

Subrecipients may obtain wage determinations from the U.S. Department of Labor's web site, www.dol.gov.

(ii)(A) The subrecipient(s), on behalf of EPA, shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The State award official shall approve a request for an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
- (2) The classification is utilized in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the subrecipient(s) agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), documentation of the action taken and the request, including the local wage determination shall be sent by the subrecipient (s) to the State award official. The State award official will transmit the request, to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210 and to the EPA DB Regional Coordinator concurrently. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification request within 30 days of receipt and so advise the State award official or will notify the State award official within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the subrecipient(s) do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the award official shall refer the request and the local wage determination, including the views of all interested parties and the recommendation of the State award official, to the Administrator for determination. The request shall be sent to the EPA DB Regional Coordinator concurrently. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt of the request and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding.

The subrecipient(s), shall upon written request of the EPA Award Official or an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly, for each week in which any contract work is performed, a copy of all payrolls to the subrecipient, that is, the entity that receives the sub-grant or loan from the State capitalization grant recipient. Such documentation shall be available on request of the State recipient or EPA. As to each payroll copy received, the subrecipient shall provide written confirmation in a form satisfactory to the State indicating whether or not the project is in compliance with the requirements of 29 CFR 5.5(a)(1) based on the most recent payroll copies for the specified week. The payrolls shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on the weekly payrolls. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the subrecipient(s) for transmission to the State or EPA if requested by EPA, the State, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the subrecipient(s).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the State, EPA or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency or State may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees.

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered

program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act requirements.

The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts.

The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the EPA determines may be appropriate, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination: debarment.

A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements.

All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards.

Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and Subrecipient(s), State, EPA, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

4. Contract Provision for Contracts in Excess of \$100,000.

(a) Contract Work Hours and Safety Standards Act. The subrecipient shall insert the following clauses set forth in paragraphs (a)(1), (2), (3), and (4) of this section in full in any contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by Item 3, above or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

(1) Overtime requirements.

No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages.

In the event of any violation of the clause set forth in paragraph (a)(1) of this section the contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (a)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (a)(1) of this section.

(3) Withholding for unpaid wages and liquidated damages.

The subrecipient, upon written request of the EPA Award Official or an authorized representative of the Department of Labor, shall withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) Subcontracts.

The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (a)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (a)(1) through (4) of this section.

(b) In addition to the clauses contained in Item 3, above, in any contract subject only to the Contract Work Hours and Safety Standards Act and not to any of the other statutes cited in 29 CFR 5.1, the Subrecipient shall insert a clause requiring that the contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Further, the Subrecipient shall insert in any such contract a clause providing that the records to be maintained under this paragraph shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the (write the name of agency) and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

5. Compliance Verification

(a) The subrecipient shall periodically interview a sufficient number of employees entitled to DB prevailing wages (covered employees) to verify that contractors or subcontractors are paying the appropriate wage rates. As provided in 29 CFR 5.6(a)(6), all interviews must be conducted in confidence. The subrecipient must use Standard Form 1445 (SF 1445) or equivalent documentation to memorialize the interviews. Copies of the SF 1445 are available from EPA on request.

(b) The subrecipient shall establish and follow an interview schedule based on its assessment of the risks of noncompliance with DB posed by contractors or subcontractors and the duration of the contract or subcontract. At a minimum, the subrecipient should conduct interviews with a representative group of covered employees within two weeks of each contractor or subcontractor's submission of its initial weekly payroll data and two weeks prior to the estimated completion date for the contract or subcontract. Subrecipients must conduct more frequent interviews if the initial interviews or other information indicates that there is a risk that the contractor or subcontractor is not complying with DB. Subrecipients shall immediately conduct necessary interviews in response to an alleged violation of the prevailing wage requirements. All interviews shall be conducted in confidence.

(c) The subrecipient shall periodically conduct spot checks of a representative sample of weekly payroll data to verify that contractors or subcontractors are paying the appropriate wage rates. The subrecipient shall establish and follow a spot check schedule based on its assessment of the risks of noncompliance with DB posed by contractors or subcontractors and the duration of the contract or subcontract. At a minimum, if practicable, the subrecipient should spot check payroll

data within two weeks of each contractor or subcontractor's submission of its initial payroll data and two weeks prior to the completion date the contract or subcontract . Subrecipients must conduct more frequent spot checks if the initial spot check or other information indicates that there is a risk that the contractor or subcontractor is not complying with DB. In addition, during the examinations the subrecipient shall verify evidence of fringe benefit plans and payments there under by contractors and subcontractors who claim credit for fringe benefit contributions.

(d) The subrecipient shall periodically review contractors and subcontractors use of apprentices and trainees to verify registration and certification with respect to apprenticeship and training programs approved by either the U.S Department of Labor or a state, as appropriate, and that contractors and subcontractors are not using disproportionate numbers of, laborers, trainees and apprentices. These reviews shall be conducted in accordance with the schedules for spot checks and interviews described in Item 5(b) and (c) above.

(e) Subrecipients must immediately report potential violations of the DB prevailing wage requirements to the EPA DB contact listed above and to the appropriate DOL Wage and Hour District Office listed at <http://www.dol.gov/esa/contacts/whd/america2.htm>.
