

We are working on a sample ballot lookup tool! In the meantime, please refer to the Ballot Style chart below to assist in finding your sample ballot. A sample ballot consists of the precinct number where you reside (###), with a dash (-) connecting that number to the appropriate ballot style (**BS##**). You are eligible to vote in your residence address's districts.

For example, if your residence address is:

- in precinct 120, and
- within the boundary of the City of San Marcos, and
- within San Marcos CISD but **NOT** Hays CISD,

your sample ballot style would be **120-BS02**.
