MINUTES OF THE SPECIAL MEETING OF THE LAKE LURE TOWN COUNCIL
HELD WEDNESDAY, DECEMBER 21, 1988 AT 1:00 P.M. AT THE COMMUNITY
CENTER.

PRESENT: Mayor L. C. Michelon
Commissioner Alex Karr
Commissioner Hugo Moirano
Commissioner Frankie Queen
Commissioner William Wildman

Paul Wilson, Town Manager

This special meeting was held to discuss with representatives from Duke Power Company how the revenue from our hydro-electric facility could be improved in the future.

Representatives from the Town pointed out that revenue had fallen sharply from previous years, and they had analyzed rain fall figures and operating procedures prior to the meeting.

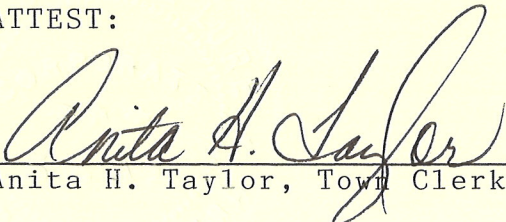

Duke Power Representatives stressed the fact that rain-fall was approximately 20 inches less than normal in this area and that their dam operations were also affected.

The individuals attending the meeting felt that lack of rain-fall was the principal factor in the decline of revenue.

The meeting lasted for approximately 2 hours with no definitive conclusions, except to study rain-fall, water levels, and operating procedures in an effort to improve Town income in the coming year.

The meeting recessed at 12:30 p.m.
