

Trash Pick Up

- Every spring and fall there is a city-wide trash pick up for the regular customers. The dates for these pick ups are announced in the newspaper, on your water bill, and on the radio.
- Residents can set out unlimited trash and large items (items must be able to be picked up by two men and fit into the truck) on their regular trash day at no extra charge.
- Freon items such as refrigerators, freezers, and air conditions must be certified that the freon has been removed before they can be picked up.
- No construction material, batteries, tires, liquids, paint, lumber or concrete will be accepted. Recycling or yard waste will not be picked up during these cleanups.
