**CITY OF NORWALK, OH
PUBLIC WORKS DEPARTMENT**

Mayor Susan Smith-Lesch
www.norwalkoh.com

Dear property owner of the 2010 sidewalk program,
In regards to placement of the sidewalk, the City standard is to ensure the walkable area is in good condition, therefore non-concrete driveways are required to have concrete sidewalks placed through them. If you feel your non-concrete driveway is in good condition, please fill out the following application and submit to the clerk of Council in City hall. If your paved driveway is deemed in good walkable condition, then you will not be required to pave the concrete walk through your drive. The application fee is \$50, but placing concrete through your driveway will be much more, so for some this may be a good investment. Please return this form by **March 1, 2010**. If you have questions regarding this, please contact me at the above numbers. Thanks, we'll see you this spring.

Respectfully,

Joshua R. Snyder, P.E.
Public Works Director
