PRESS RELEASE

Papillion to Help Residents With Storm Debris

PAPILLION, Neb., May 6, 2012 – The City of Papillion has prepared to assist residents with disposal of storm debris.

The River City site located on Portal Road just west of 96th street (where the annual Spring and Fall community clean-up are held), will be open for drop off. Papillion residents can drop off trees between 8:00 a.m. and 8:00 p.m. Monday the 7th through Friday the 11th and from 8:00 a.m. to 5:00 p.m. on Saturday the 12th.

For those residents not able to haul their debris away, City workers will be around Papillion throughout the week picking up trees. Limb lengths must be less than six feet and placed in stacks in front of your home and behind the curb. Crews will make passes through neighborhoods daily throughout this week.

Residents with questions call the Mayor's Hotline (402) 827-1111 during the work week.
