The checklist below is a general guideline for sign contractors and city staff to verify general sign ordinance requirements. The list below is not all encompassing. Sign applications will not be accepted unless the checklist and compliance met columns have been completed by the contractor at the time of submission. The checklist will be completed and returned to the contractor upon review of city staff notifying the contractor of compliance/noncompliance.

Contractor Description	Compliance Met?	Contractor/City Verification	City Description	Compliance Met?	
				Sign Officer	Code Enforcement
		Address of sign location			
		Type of sign			
		Square footage of sign			
		Number of colors			
		Location of sign on property/building			
		Setback of sign from property line			
		Linear footage of building front			
		Number of existing signs on site			
		Temporary or permanent sign			
		Illuminated or non illuminated			
		Building permit issued			

I have answered the questions above to the best of my knowledge:
