DATE: August 21, 2009

SUBJECT: FY 2010 Purchase of Loader Backhoe Tractor (Agenda Item)

Pricing for the replacement of a Loader Backhoe Tractor was obtained through the State of Illinois Joint Purchasing Program.

<u>Budget Amount and Account Number:</u>	<u>Project:</u>
\$ 130,000.00 020-0420-418.07-42	D35001

<u>Tabulation:</u>	
West Side Tractor Sales Co., Naperville, IL	\$ 124,693.00

Recommendation:
It is recommended that the award for one (1) Loader Backhoe Tractor be made to West Side Tractor Sales Co., Naperville, IL, in the amount of \$124,693.00

Comments:
The 2010 CIP budget includes funding for the procurement of one (1) Loader Backhoe Tractor. The new vehicle will replace the existing 1994 model, used daily by the Water and Sewer Division. The current 1994 model unit has in excess of 9,500 hours and has served the Village well. However, the driveline and hydraulic systems of the existing unit have encountered numerous failures and can not be relied on for daily operation. The overall wear and tear on major components is the determining factor for warranting replacement. The new vehicle will be equipped with a low-emission diesel engine certified to maintain compliance with the Clean Fuel Fleet Program. The Village has

successfully dealt with previous acquisitions from West Side Tractor Sales Co. The new unit will be a 2010 John Deere, Model 710J, Loader Backhoe Tractor.
