Comments:
The FY2017 CIP budget provides funding for replacement of one (1) pick-up truck for the Public Works Department Water and Sewer Division.

The Public Works Water and Sewer Pick-up truck that will be replaced is currently a 2006 F-250 4X4. This vehicle is used daily by the supervisor to oversee infrastructure repairs. The current vehicle will have accrued in excess of 75,000 miles at time of replacement. The unit is badly worn on the interior and exterior from constant use. The suspension system and driveline have deteriorated as well.

The Village has successfully dealt with previous acquisitions from Currie Motors, Frankfort, IL. The new units will be 2017 Ford F series pick-up trucks. The retired vehicle will be disposed of through the Northwest Municipal Conference Auction.
