PERMIT NO. 307

You are invited to an open house to learn about the Morton Grove Niles Water Commission Water Supply Improvement Project and how it may impact you during construction.

This project will construct a new water supply system from the City of Evanston to the residents of Morton Gove and Niles. Other than inconveniences during construction, Skokie water service will not be affected. This project will result in infrastructure improvements for Skokie residents within the project area shown on the map on the reverse side. Construction is expected to begin within 30 days.
