

# 2018 Holiday Refuse and Recycling Schedule

The Village offers a comprehensive refuse and recycling program for Skokie residents and businesses. Crews are projected to collect close to 18,000 tons of garbage this coming year. More than 5,000 tons of solid waste are expected to be diverted from landfills as a result of the Village's weekly recycling collection program.

A 95-gallon refuse container is provided to each single-family household for storage of up to 200 pounds of household refuse, with the exception of hazardous materials and construction debris. These items require special disposal. For more information on hazardous waste and construction debris disposal, please [www.skokie.org/RefuseRecycling.cfm](http://www.skokie.org/RefuseRecycling.cfm).
