Recommendation:
It is recommended that a contract for the purchase of one Nissan Leaf electric vehicle be purchased from Green Wheels USA in the total amount of \$25,400.

Comments:
The FY2018 CIP budget provides funding for the replacement of one (1) compact electric vehicle. The new electric vehicle will replace a compact hybrid vehicle. The vehicle that is being replaced is a 2007 Toyota Prius Hybrid (unit #75) with 35,000 miles. The batteries in this vehicle have surpassed their life expectancy.

The Village has done business in the past with Green Wheels USA and has been very satisfied with the vehicle and service received. The retired vehicle will be disposed of through the Northwest Municipal Conference Auction.
