**RESOLUTION**  
**Approving Enhanced Access To Public Records Policy**

**WHEREAS**, Public Act #462 of 1996, the Enhanced Access to Public Records Act, allows public bodies to provide enhanced access or the inspection, copying, or purchasing of a public record that is not confidential or otherwise exempt by law from disclosure; and  
**WHEREAS**, the legislation further requires that a public body wishing to provide such enhanced access to produce a policy, approved by the governing body, guiding the access to information; and  
**WHEREAS**, the City of Sturgis may share data through various electronic means; and  
**WHEREAS**, the City staff has drafted such a policy and recommends that the City Commission adopt it as required by Public Act #462 of 1996.  
**NOW, THEREFORE, BE IT RESOLVED** that the Sturgis City Commission hereby adopts the following City of Sturgis Enhanced Access to Public Records Policy, in accordance with the Enhanced Access to Public Records Act, 1996 P.A.462 effective as of this date.

**ENHANCED ACCESS TO PUBLIC RECORDS POLICY**

1. **DEFINITIONS**

A. “Enhanced access” means a public record’s immediate availability for public inspection, purchase or copying by digital means. Enhanced access does not include the transfer of ownership of a public record.
B. “Operating expenses” includes, but is not limited to, a public body’s direct cost of creating, compiling, storing, maintaining, processing, upgrading, or enhancing information or data in a form available for enhanced access, including the cost of computer hardware and software, systems development, employee time, and the actual cost of supplying the information or record in the form requested by the purchaser.

E. “Reasonable fee” means a charge calculated to enable City of Sturgis to recover over time only those operating expenses directly related to the public body’s provision of enhanced access.

2. AUTHORIZATION

A. Pursuant to 1996 P.A. 462, all City of Sturgis government public bodies may provide enhanced access for the inspection, copying, or purchasing of a public record that is not confidential or otherwise exempt by law from disclosure.

B. This policy does not require a City of Sturgis public body to provide enhanced access to any specific public record.

C. City elected officials, department heads, agencies, boards, commissions and councils legally responsible for the creation, preparation, ownership, custody, control, maintenance, preservation, guardianship, retention, possession or use of a public record shall upon approval by the City Manager, select which public records may be provided through enhanced access.

D. Principle and policies to be considered in determining which public records shall be made available through enhanced access include, but are not limited to the following:

1. Management principles applied to information resources should be the same as those applied to other government resources.

2. Elected officials, department heads, agencies, boards, commissions, councils and other City public bodies legally responsible for the reaction, preparation, ownership, custody, control, maintenance, preservation, guardianship, retention, possession or use of a public record have the
responsibility, authority and accountability for the management of public record information.

3. Information resources investments must be driven by legal, programmatic and governmental requirements.

4. City of Sturgis government, in trust for the people of City of Sturgis, has a duty to ensure ownership of information products and City created intellectual property is protected and maintained.

3. FEES

D. All persons may be charged the reasonable fee approved by the City Commission for enhanced access to a public record of for access.

E. The City of Sturgis may furnish access of enhanced access without charge or at a reduced charge if the City Manager determines that a waiver or reduction of fee is in the public interest because access or enhanced access can be considered as primarily benefiting the general public. Examples may include, but are not limited to, instances when:
   1. The information is critical to public health or safety;
   2. The information is required for non-profit research purposes such as academic or public interest research;
   3. The information is required to meet legal, programmatic or governmental objectives;
   4. The information explains the rights, entitlements, and/or obligations of individuals;
   5. The cost of administering the fees would exceed the revenue to be collected.
6. The reasonable fee established would have a serious detrimental impact on the financial position of particular groups or classes of users;

7. The reasonable fee established would limit the number of users enough to compromise achieving program or other governmental objectives.

F. Waiver or fee reductions shall be decided only by the City Manager.

Mayor Dobberteen presented the following speech:

“A year ago, when I decided to run for the County Commission seat which was left vacant by Mike Sutter, I consulted with Attorney Roger Bird on the issue of conflict of interest. In his opinion there was none, so I proceeded through the election process, making it perfectly clear
that if elected, I intended to finish my term on the City Commission. By making these statements, I had hoped that it would give ample time for anyone objecting to come forward. No one did, at least not until after the election was over, at which time I continued to state that I would retain my position with the City. I was, and continue to be confident in the City Attorney’s opinion. However, the City Commission, with the passage of the Fiber Optic System, faces many new challenges not yet addressed and not yet foreseen. The full attention of this body will be needed to bring shape to this new City enterprise. For me to continue as Mayor would be counterproductive to this body and would remove attention from the task at hand.

Therefore, I ask that you accept my resignation as Mayor effective April 1, 1999. I also ask that you then accept my resignation as 2nd Precinct Commissioner effective at the end of the first scheduled meeting in April.

It has been a true honor to serve as Mayor of one of Michigan’s finest cities. The past two and a half years have had their ups and downs, with more ups then downs. I feel privileged to have helped to guide the City throughout the digital vote from the beginning. While on the City Commission, I’ve been involved with many projects, including building projects, the rental ordinance project, trash project, and the replacement of lamp posts throughout the City. It is my hope that I’ve been able to leave the City a little better then it was two and a half years ago, and I would like to take this opportunity to extend my thanks and appreciation to all of those who have given me the opportunity to borrow this chair.”

CHAPTER 34: ELECTED OFFICIALS COMPENSATION COMMISSION

34.01 CREATION OF COMMISSION

(A) The City of Sturgis Elected Officials Compensation Commission (“Commission”) is hereby created. Each member shall be appointed by the Mayor, but shall not serve until confirmed by majority vote of the City Commission. In no event may a member of the City Commission, an employee of the City or an immediate family member of the foregoing be a member of the Commission.

(B) The members of the Commission shall serve five (5) year terms; provided, however, that each of the initial members shall be appointed for terms of one, two, three, four, and five year(s), respectively. RESOLUTION

WHEREAS, every state, county, city or town in America should have the right to decide whether it wants to provide electric service to its businesses and residents; and
WHEREAS, the consumer-owners of these utilities should have a direct say in and maintain local control over their own electric utility operations and policies; and
WHEREAS, the City of Sturgis established its community-owned electric utility in 1896 its citizens have benefited from this action for over one-hundred (100) years; and
WHEREAS, there currently exist federal restrictions on municipal bonds used to develop community-owned electric utilities that prevent these utilities from selling power under many circumstances, and these restrictions will make it difficult, if not impossible, for many of these utilities to operate in the more competitive environment being fostered or mandated by new federal and state laws; and
WHEREAS, bipartisan legislation, the Bond Fairness and Protection Act, has been introduced in the Senate (S.386) by Senators Slade Gorton (R-WA) and Bob Kerrey (D-NE), and in the House of Representatives (H.R.721) by Representatives Hayworth (R-AZ) and Matsui (D-CA) to reconcile these restrictions with the changing character of the electric utility industry in a way that protects our right of local control over our own affairs; and
WHEREAS, some private power companies oppose this legislation precisely because it is in their self-interest to limit the ability of community-owned electric utilities to operate in this new environment; and
WHEREAS, opponents of S.386 and H.R. 721 are urging Congress to impose a federal income tax on certain revenues from sales of community-owned electric utilities; and
WHEREAS, community-owned utilities such as Sturgis, as units of state and local government operating on a not-for-profit basis, are not and should not be taxed by the federal government.

NOW, THEREFORE, BE IT RESOLVED, that the Sturgis City Commission calls on Senators Levin and Abraham and Representative Upton to support the bipartisan Bond Fairness and Protection Act of 1999, and to vigorously oppose any federal tax on community-owned electric utilities.

MOTION CARRIED

Moved by Comm. Harrison and seconded by Comm. Kinsey that the following resolution be adopted:

RESOLUTION APPROVING THE PURCHASE OF THE COMMUNICATIONS SYSTEM REVENUE BONDS, SERIES 1999

WHEREAS, on June 8, 1999, the City of Sturgis (the “City”) issued its Communications System Revenue Bonds, Series 1999 (the “Bonds”) in order to finance the acquisition and construction of a Communications System (the “System”) to service the residents of the City; and

WHEREAS, Sturgis Bank and Trust Company, Citizens Bank and Century Bank and Trust (together the “Banks”) purchased the Bonds from the City in the following amounts: Century Bank and Trust - $2,600,000, Citizens Bank - $2,700,000, and Sturgis Bank and Trust Company - $2,700,000; and

WHEREAS, the construction bid received by the City from Marconi Communications to construct the System was substantially above the original proposal from RELTEC CDTS, Inc.,
Marconi’s predecessor in interest, and provided for a less cost-effective technology, so that the City’s feasibility study previously prepared and reviewed for the purpose of operating the System and paying for the Bonds, and which was based upon the RELTEC proposal, is no longer feasible; and

WHEREAS, because of the inability of the City to construct the System in the manner previously contemplated for the available moneys and to generate the revenues necessary to pay for the System, the City has determined not to proceed with the construction or operation of the System and therefore desires to purchase the Bonds from the Banks at par, plus accrued interest to the date of purchase, in order to cancel the Bonds and the outstanding debt of the System.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The City Manager, with the assistance and approval of the City Attorney, is authorized to negotiate, execute and effectuate a Bond Purchase Agreement with the Banks in order to purchase the Bonds at par, plus accrued interest to the date of purchase. The City shall use any other available moneys in order to pay for and cancel the Bonds in full.

Comm. Fraim requested that it go on record to say that even though he may have had disagreements with fellow Commissioners, their hearts were in the right place.

Vice-Mayor Hayes, on behalf of the City Commission, Staff, City Manager, City Attorney and City Clerk, read to Mayor Holsinger the following proclamation and presented a plaque to him along with an engraved gavel and board.

**PROCLAMATION**

*Carl Holsinger has been a City Commissioner representing the third precinct for twenty years. He’s been Mayor twice, from 1992-94, and again this year.*

*Trying to list everything he has done for his community over the last 20 years would be exhausting. Just a few things which he has heavily influenced over the years included Cinco de Mayo, the Sister City relationship with Wiesloch, Germany, the City and County’s Solid Waste efforts, Regional Planning, the continued economic development of Sturgis, and reorganizing the management of Sturgis Hospital.*

*Sturgis is a better place to live thanks to Carl’s years of service as a commissioner. He has been a doer, rolling up his sleeves and attacking what needs to be done. To this Commission, he has been the voice of experience, a leader who knows the rules of the game, and had the ability to get us all to play effectively. We’re going to miss his guidance and wisdom, and his expertise.*

*From all of us on the City Commission, from City Staff and from the community you have served so well, Carl, thanks for all you’ve done, congratulations on all you’ve accomplished and our best wishes in the day and years ahead.*

Moved by Comm. Hayes and seconded by Comm. Sunday-Horstman to approve the
