Mayor Sunday-Horstman read the following apology letter from Donald Lampe regarding his comments at a special meeting of the Sturgis City Commission on April 16, 2003:

“To my fellow City Commission members, the Hispanic community, and anyone else whom I offended at last Wednesday’s meeting, I certainly want to apologize. It was not appropriate for me to single out one ethnic group. I have no ill feelings concerning any ethnic group. We are all God’s people.

The concern I was trying to express, is that of multiple families, of whatever ethnic group, living in single family dwellings. These overcrowded conditions often lead to unkempt yards and parking problems.

Most single dwelling residences in the city were planned to accommodate only one or two vehicles. When we start having many extra vehicles, parking is crowded and can present dangerous situations. I take pride in our community and encourage others to do the same.”

Mayor Sunday-Horstman read the following statement to the Community:

This past week our community has experienced the reality of cultural diversity. When dealing with these differences in culture, a great deal of compassion, tolerance, wisdom and patience is essential. This Commission embraces the principles our country was founded on. We do not hold the views recently expressed or condone the hurtful words spoken by Commissioner Lampe regarding the Mexican population of our community.

Mr. Lampe has written and spoken his regret for his hasty comments and has resigned not only as vice-mayor, but also as a Third Precinct Commissioner.

It’s time to move forward, to forgive – but not to forget. Let’s remember that Mr. Lampe has done and will continue to do what he believes is right for his community – which he has shown by stepping down and by his contributions given to the community over the years: like Boy Scouts, Camp Fort Hill, Sturgis DDA, the Sister City Program and so much more.

Let’s not lose the lesson in this situation. I think now of the words a friend said to me – “The experiences in our lives are like stones used to build bridges or walls. The same materials and the same basic principles of engineering are used in both constructions, yet one connects lives and the other keeps them separate. The difference is in the attitude of the builder.” Let us build bridges for our children so they can move forward into a better tomorrow.

Tonight, I’m asking you to be a part of the solution. We need to come together – to collaborate. Now is the time to create a task force representative of our entire community and all our cultures so we can focus on building a stronger more unified community.

Look at Trojan Timbers and what a diverse community can do in a very short time when we all pull together! Won’t you join us? If you are interested in being a part of our future in a positive way – please join us. We look forward to your involvement.

Mayor Sunday-Horstman invited the community to provide their thoughts related to Mr. Lampe’s comments.

Christine Streeter, 204 Arden Park, would have liked a personal apology and understands a multi-family dwelling situation. She volunteered for any committee that would be formed to bring groups together.

Albert Flores, Michigan Department of Civil Rights, offered his department’s assistance with any
committee that would be formed.

Andy Rogness, 1006 Galyn, mentioned a cultural competency program for City employees.

Pat Winston, Executive Director of the Partnership for Fair Housing Center of Southwestern Michigan, explained the services that her group offers and offered her assistance.

Frank Perez, 201 Virginia, hoped that the entire City of Sturgis could move forward together and offered his assistance with any committee that would be formed.

Tom Seymour, 516 Mortimer, representing the COUSINS Commission encouraged the City Commission to seek out civil participation from the minority community.

David Rhodes, 508 West Congress, offered his services for any committee that would be formed and asked that we realize we are all equal.

Walt Kinsey, 430 East Congress, explained that he has enjoyed serving all of his community as a former City Commissioner, Parks and Recreation Board member, and a Centro De Ayuda board member. He offered his services on any committee that would be formed.

Jim Vicalvi, 306 North Lakeview, shared his concerns on the number of individuals that can reside at one residence.

Ray Cato, Cato Development, explained that he toured the community and found it to be in commendable condition. He explained that he thought his PILOT proposal was fair and felt that he was treated unfairly by the City Commission. He asked that the City Commission reconsider their previous decision.

Maria Oliveres, representing the mothers of this community, explained that she has been a proud resident of Sturgis for many years but was hurt by Mr. Lampe’s comments.

Elizabeth Datkovic, explained to the Spanish speaking members of the audience that Mr. Lampe has resigned his position as City Commissioner. She explained that she will continue to build bridges between cultures to make the City of Sturgis one strong community.

Gil Guzman, human resource consultant for McDonald’s corporation, offered his services to help in any committee that would be formed.

Gustavo Garcia, 327 West Jerolene, explained that although he has occasionally been discriminated against, he hoped that everyone could work together.

Margarita Andeverde, simply asked that everyone give the Mexican community a chance.

Claire Mueller, 1219 Walker, explained that it is difficult to learn a second language and encouraged others to attempt to learn another language.

Maya Galvez, 109 East Hatch, asked why can’t everybody just get along.

Michael Austermann, 1420 West Rishel, expressed displeasure with Mr. Cato from discussing his housing development at this time. He encouraged the City Commission to holdfast in their stance against the proposed PILOT program of Cato Development.

Norma Cuellar of Bronson, asked what actions would be taken in the near future.

Cindy Bailey, 1291 North Nottawa, expressed that we all have to live by the same rules.

Tim Christner, 307 North Clay, expressed his concerns about the overcrowding in certain rental units. He offered his assistance in any way needed.

2003 ARBOR DAY PROCLAMATION

WHEREAS, In 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and
WHEREAS, this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and
WHEREAS, Arbor Day is now observed throughout the nation and the world, and
WHEREAS, trees can reduce the erosion of our precious topsoil by wind and water, cut heating and cooling costs, moderate the temperature, clean the air, produce oxygen and provide habitat for wildlife, and
WHEREAS, trees are a renewable resource giving us paper, wood for our homes, fuel for our fires and countless other wood products, and
WHEREAS, trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community, and
WHEREAS, trees are a source of joy and spiritual renewal, and
WHEREAS, the City of Sturgis has been recognized as a TREE CITY USA by the National Arbor Day Foundation and desires to continue its tree-planting ways,

NOW, THEREFORE, I, Lucinda Sunday-Horstman, Mayor of the City of Sturgis, do hereby proclaim Friday, May 23, 2003 as

ARBOR DAY

in the City of Sturgis, and I urge all citizens to support efforts to care for our trees and woodlands and to support our City's community forestry program, and

FURTHER, I urge all citizens to plant trees to gladden the hearts and promote the well being of present and future generations.
Donald Lampe, 402 Sturgis, read the following letter:

I have kept quiet and have done what I could to improve the situation I created. I am sorry to learn you disapprove of my record. I have always tried to better my city and help the youth. My background in this area follows. I was on the first committee that formed SAYSO; we tried to show youth one could have a good time without alcohol or drugs. The Sturgis Youth and Family Organization is an outgrowth of our efforts. This is my 35th year serving the Boy Scouts of America. During the 6 ½ years I served as Scout Master of troop 402, nine young men became Eagle Scouts. I have been awarded the District Award of Merit, Silver Beaver, AFL-CIO George Meany Award, and the Lamb Award, all for service to youth.

In 1980, Madalon Yunker, Ed Dinsmore, Jay Lego and I met with Dick Mahr and started the Sturgis Booster Club. In 1986 I was awarded the Cooper Industries Outstanding Community Service Award. I have worked on all three Legacy building projects to better our downtown. In 2000, I received the Chamber of Commerce Service Award and the Exchange Club Community Volunteer Award. The hours at Camp Fort Hill have been many. I have painted or stained and varnished every board on the inside of the new Nature Center. The Santa house in the Church park downtown was painted first by yours truly. I collected donations and I helped put up the benches on the south side of the business district. I drove 200 miles to pick up the plastic ones in front of the bank downtown. When the louvers on the Doyle Center needed replacement and the money was not available yours truly painted and installed plywood to keep the cold out. It saved $3000.00 in heat bills that year.

I introduced the first Landlord ordinance to better improve our rental properties. The city is steadily working to improve housing and building codes, however, we clearly still have problems in these areas.

The opinion of our city attorney was that there was no conflict in my voting on the issue of creating a tax abatement for more rental housing. All our information shows we have too many rental units. All but one of my units are single family rentals; all well below the projected rent of the proposed apartment complex. I have always followed our city attorney rulings. He has the expertise.

Regardless of the unfortunate comments I made, I am not a racist. I bunked with an African American in the Army when many whites would not. I have a black brother-in-law, and my great-grandson has Mexican blood.

I have lived and worked in this city all my life, and will continue to help better this city in the future. Many feel your use of the newspaper to editorialize my situation with very strong and hurtful words was wrong – including myself, and members of your own staff. Hopefully, you too can admit your own wrongs and begin to use your editorials in positive ways to help me, help us, help others, better this city in the future.

RECODIFICATION OF THE CITY OF STURGIS CODE OF ORDINANCES
WHEREAS, many of the ordinances of the City of Sturgis are obsolete, and
WHEREAS, many of the other ordinances of the municipality are inconsistent with each other or are otherwise inadequate, and
WHEREAS, the City Commission has determined that it is in the best interest of the residents of the City to recodify the current City Code, known as “The City Code of 1969”, as amended, and
WHEREAS, the City Commission has caused its ordinances of a general and permanent nature to be codified and revised and the same are embodied in a codification and revision known as “The Sturgis City Code of 2003.”
NOW, THEREFORE, the City of Sturgis, St. Joseph County, State of Michigan ordains:
Section 1. The ordinances of the City of Sturgis of a general and permanent nature, as codified and revised, are ordained as general ordinances and adopted as “The Sturgis City Code
of 2003”, hereinafter referred to as the “City Code.”

Section 2. All ordinances of a general and permanent nature not contained in the City Code are hereby repealed from and after the effective date of said code, except as hereinafter provided.

Section 3. The repeal provided for in the preceding section of this ordinance shall not affect any offense or act committed or done, or any penalty or forfeiture incurred, or any contract or right established or accruing before the effective date of the City Code; nor shall such repeal affect any ordinance or resolution promising or guaranteeing the payment of money for the City or authorizing the issuance of any bonds of the City or any evidence of the City’s indebtedness, or any contract or obligation assumed by the City; nor shall it affect any right or franchise conferred by any ordinance or resolution of the City on any person, firm, or corporation; nor shall it affect any prosecution, suit or other proceeding pending or any judgment rendered on or prior to the effective date of said code; nor shall it affect any ordinance annexing territory to the City.

The City Commission by motion or resolution shall fix, and change from time to time as considered necessary, the prices to be charged for copies of the City Code and revisions thereto. After adoption of the City Code, each general ordinance shall be adopted as amending, adding, or deleting a numbered section or sections of said code; immediately thereafter those affected pages of the City Code shall be revised to reflect such amended, added or deleted material and shall be distributed to city officers and employees having copies of said code and to other persons who have requested and paid for current revisions. Assistant City Manager Todd Campbell provided a brief history of the process of the new liquor license. He explained that the City was allowed an additional Class C Liquor License based on the 2000 census figures. The City Clerk has received three applications for this license including El Aguila, Terry’s Inc., and Humes, Inc. He explained that the process for granting this license would be for the City Commission to make a recommendation to the Michigan Liquor Control Commission (MLCC), at which point the LCC would conduct their investigation, before granting
the license. He further explained that the City Commission may make their recommendation or may hold off and wait for future applications. Mr. Campbell provided a brief overview of the Liquor License Policy adopted by the City Commission on January 9, 2002. The criteria listed in the policy for consideration included the ownership, the establishment, the facility, the neighborhood and general public, and the priorities which included granting a license to an entity to be located in the downtown corridor along US 12, between Maple and Jefferson streets.

Mr. Campbell explained that the staff recommendation to the City Commission would first be to carefully consider each of the three applicants. City staff believes that the recommendation should go to a business to be located in the downtown corridor to help strengthen the downtown economy and one that could encourage increased downtown business activity. Three ways in which a business might be able to accomplish this is by being a regional draw from neighboring communities and counties, creating a festive themed atmosphere, and being committed to remaining in downtown for a significant period of time.

Mr. Campbell explained that because the City does not own the license, the City cannot attach conditions to awarding the license. However, the City can enter into a separate private agreement with a recommended business to secure certain provisions will be met by the business. This agreement would be of no interest to the MLCC.

Mayor Sunday-Horstman invited each of the applicants to give a presentation regarding their plans.

Marta Hernandez and her daughter explained that she has owned the El Aguila since 1985 and would like to now sell liquor in the restaurant.

Terry Patten explained that he had applied for, but did not acquire, a similar license from the City ten years earlier, and was pleased by the fact that he felt it was a more open process this time. He explained that he attempted to purchase a license in 1992 but that for several reasons, it did not work out. He then purchased Pipers Grinders and Galore in 1992 and has operated ever since. He began looking to relocate in 2002. He explained that he would like to relocate his restaurant to the building formerly occupied by the “Moon and Stars” and utilize the kitchen formerly of “Stapleton’s”. He would expand it to a full service restaurant including pizzas, gourmet pizzas, sandwiches, Italian foods, and possibly steaks and would seat around 100 people. He explained that he would need to only install bathrooms and do some simple remodeling. He compared his vision to Paisano’s in Three Rivers. He would have smoking and non-smoking sections and a game room in the back for children. He intends to obtain a three year lease with an option to buy. He hoped to create a sports bar type of atmosphere in part of the restaurant including a big screen television.

Comm. Smith asked about a time frame for opening the business. Mr. Patten explained that many factors would come into play including the health department, the necessary plumbing work, installation of a bar and others but viewed three to four months as a likely timeframe. He explained that much of the venting is currently installed and that he would utilize existing and his own kitchen equipment. Comm. Smith asked if he would be moving the business if he was not awarded the liquor license. He explained that he would not move into the proposed location because it would be too large without the support of the liquor license.
Ralph Humes, owner of R. Stanley’s Diner in Three Rivers, thanked the City Commission for the opportunity to apply. He explained that his current restaurant has received favorable reviews from the Kalamazoo Gazette and has patrons from thirty minutes to an hour away. He explained that he has created something more than the deserts, dinners, and jazz in his diner, but has created the R. Stanley’s experience. He explained that he is not intending to become a bar; the focus of the restaurant would be food. He explained that his restaurant is kid friendly and contains many materials related to jazz. He felt that he could help benefit the community.

Comm. Harmon asked that if Mr. Humes was not awarded the license, would he still come into Sturgis. Mr. Humes explained that he has to relocate his business regardless of the license because he has outgrown his facility and that Sturgis is a nice community which he would like to become part of. He feels that Sturgis has a larger demographic than Three Rivers and that current patrons would be willing to drive from Kalamazoo, in addition to potential new patrons in Elkhart, South Bend, and Coldwater.

He plans to occupy the former “Hallmark” building and refurbish it in a cost sensitive manner. He estimates comfortably seating around sixty people. He hopes to use the liquor license to create a beer or wine list to complement certain foods. He wants to create a price structure where a patron could come two or three times per week.

Mayor Sunday-Horstman invited the rest of the audience to provide any further comments on the issue.

Judy Hartman, former owner of Mike’s Pizza and Subs, explained that she has met Mr. Humes and his wife and considers them nice people and has heard of great reviews of the restaurant and that people are willing to travel to it.

Eric Eishen, explained that Mr. Humes has committed taking ownership of the building immediately. Mr. Eishen explained that Mr. Humes has $60,000 for infrastructure improvements. He explained that he has been willing to back Mr. Humes because of his passion for food and creating a wonderful experience.

Brian Tallmadge, 121 S. Nottawa, urged the City Commission to support Mr. Humes’ request because he believes it will draw people from Elkhart and farther to Sturgis, giving these people the opportunity to see how nice of a community Sturgis is.

Todd Maynard, of Willer’s Shoes located downtown, expressed his support for Mr. Humes’ request and explained that he believes that the liquor license should be used as an enhancement to downtown and the community. He does not believe that the downtown area needs a bar.

Assistant to the City Attorney explained that five affirmative votes are needed to pass a resolution.

Vice-Mayor Haas explained that he will be abstaining from this vote.

Comm. Smith questioned whether or not two restaurants would be able to move to the downtown
area, given the fact the Mr. Humes feels that his establishment would not depend on the granting of a liquor license.

Don Lampe, 402 Sturgis, explained that he has been making efforts to have a restaurant open in downtown Sturgis for over ten years. He believes that Sturgis needs a nice restaurant, and that would include the ability to have a beer or glass of wine with a meal.

Moved by Comm. Ludders and seconded by Comm. Mayer to contingently and conditionally approve the request from R. Stanleys of Three Rivers to be awarded the City of Sturgis' new Class C On-Premise liquor license provided by the Michigan Liquor Control Commission for a downtown restaurant to be located at 104 West Chicago, subject to (i) R. Stanleys of Three Rivers ability to meet the parameters of the City of Sturgis Liquor License Policy as adopted Jan. 9, 2002 and (ii) the successful development of a contract between the City and R. Stanleys of Three Rivers that (a) requires R. Stanleys of Three Rivers to meet certain requirements in connection with its business operation, including requirements pertaining to the type of restaurant and the continuing location of the business at the above-referenced address, (b) contains other requirements as determined in the discretion of the City Manager, and (c) contains such contractual enforcement mechanisms as the City Manager deems prudent and to have such agreement be approved by the City Commission at a future meeting.

Mayor Sunday-Horstman explained that the City Commission will now address the ambulance proposals to the Sturgis Area Ambulance Committee. The City Commission’s intent is to determine how to direct Comm. Austermann, the City’s liason to the S.A.A.C., to vote at the upcoming S.A.A.C. meeting on October 16, 2003.
Captain Scott Hopkins and Chief Michael Houck of the Sturgis Fire Department thanked the Commission for their support. They explained that they have the full support of the entire Sturgis Fire Department and that their proposal meets the goals and requirements of the RFP.

Steve Frisbee, Director of Operations for Lifecare Ambulance, explained that they are the only proposal respondent to be CAAS certified. He questioned the need for a third full time ambulance. He explained that they are familiar with area because of their mutual aid experience. He explained that Lifecare monitors its driver’s performance.

Chris Boals, Operations Manager for Mercy Ambulance, explained that he felt that the most critical aspect of the proposal is the need for three ambulances. He explained that there are a number of outbound transfers from Sturgis Hospital. He complimented the Sturgis Fire Department on their professionalism but questioned the financial accuracy of their proposal, based on Mercy’s experience.

Comm. Smith inquired about the current ambulance and staffing numbers of Mercy.

Comm. Haas asked what aspect Constantine plays in the number of ambulances needed and the amount of the subsidy needed. Mr. Boals explained that if Constantine is not included in the service area, three ambulances are still needed and the subsidy would not change.

Mr. Frisbee explained that Constantine Village has decided to use the services of Lifecare.

City Manager Tod Mowery explained that the City of Sturgis has tried to consider the needs of the entire community, including of the S.A.A.C. members, in the Fire Department’s RFP response. He also explained that the City Commission would also have to consider the cost implications of providing service to the entire area.

Comm Haas explained that in a continued effort to maintain excellent emergency response for the City of Sturgis, assure local control and participation in the providing of the emergency response, while at the same time, limiting the costs incurred by our citizens for such service, and Further to continue the movement towards a regional approach for the providing of certain services for the citizens of the City of Sturgis, our surrounding townships and all of St. Joseph County; and continue the cooperation with our surrounding townships to work together to provide a quality of life for all of our citizens that is of the highest standard, therefore -

Harmon to direct Commissioner Austermann, as its representative on the Sturgis Area Ambulance Committee, to vote to award a contract to the Sturgis Fire Ambulance Service to provide ambulance service to the Sturgis Area Ambulance Committee service area consistent with their proposal that was submitted to the Sturgis Area Ambulance Committee.

Comm. Smith asked whether or not the other S.A.A.C. members have made decisions yet in regards to the RFP responses. Comm. Austermann explained that although he has read or heard about the positions of some S.A.A.C. members, he does not know how the S.A.A.C. vote will turn out.

Mr. Frisbee reiterated that Lifecare will not need a subsidy unless the S.A.A.C. continues to want a third full time ambulance in the area.
