#### **Plan Review and Inspection Costs Escrow**

---

It shall be the obligation of any applicant to pay for all expenses incurred related to the processing of a request for land development and/or expansion, including, but not limited to, administrative expenses, professional consulting fees, reimbursement for staff time, recording, public hearing expenses (including re-hearings or re-publications and signage), and court reporter fees, which are incurred by the Village in processing and acting upon petitions for said requests. To that end, any person making such request shall be required to submit an escrow deposit with the Village in accordance with the provisions set forth herein. The amount required for said deposit is based upon

an estimate of expenses to be incurred and the applicant shall not be relieved of the obligation to pay any accrued fees in full if such fees exceed the escrow deposit amount.

**1. Non-Transferrable**

Escrow deposits shall be non-transferrable. Should the subject property be transferred or sold, the new owner and/or developer must establish a separate escrow account with the Village.

**2. Escrow Deposit Required**

**a) Determination of Amount of Escrow Deposit**

Beginning with the presentation of the concept plan, the owner/developer shall pay to the Village, with submission of information for a proposed annexation, zoning action, planned development, site plan review, or subdivision, a plan review deposit which shall be credited towards the Village's legal, engineering, professional staff, and other consultants as may be needed, fees and costs arising from the development up to and including final plan approval. The amount of the deposit shall be determined by the Village Administrator and shall not be less than \$7,500 or more than \$100,000.

**b) Administration**

The Village Administrator shall designate the means and measures for tracking staff time, the durational increments in which time should be tracked, and the hourly rate for charging staff time in separate policy memo, which may be updated from time to time.

**c) Other Fees**

The required escrow deposit does not affect the amount of nor the manner of payment of other required Village fees, including, but not limited to building permit fees and connection fees.

**3. Inspection Requirements**

Any and all improvements made pursuant to the provisions of this Chapter shall be subject to inspection by the Village and/or its consultants. The applicant shall bear the cost of all inspections and testing, which shall be tracked and invoiced by the Village.

**4. Escrow Account Refunds**

Upon final review by the Village and the determination that all improvements have been satisfactorily completed in accordance with the Village Code of Ordinances and any other governing standards, any balance remaining at the completion of the Project will be refunded.

**5. Additional Deposit Required**

If the balance of an escrow account falls below fifty percent (50%) of the original deposit amount, the applicant shall receive notification from the Village on its monthly invoice and no additional processing or review of the request will take place until said balance is replenished to its original amount. No Certificate of Occupancy shall be issued until all other outstanding invoices have been paid.

---

## Subdivision Construction Inspection Deposit

---

In consideration of the expenses incurred by the Village, both in professional and consulting fees (but not including material, material inspection costs or snowplowing), and in time expended by Village employees inspecting subdivision improvements and administering the subdivision process after final plan approval, the subdivider shall pay to the Village a deposit equal to three and one-half percent (3.5%) of the estimated cost (as approved by the Village) of construction of the land improvements in the phase of the subdivision being constructed. Such deposit shall be paid prior to the recording of the final plat. Reimbursement to the Village for expenses incurred prior to final plan approval shall follow the procedure in subsection B of this section.

The Village shall document its costs and draw upon the deposit until the deposit reaches fifty-percent (50%) or less of the initial deposit. The subdivider shall replenish the deposit at or before the fifty-percent (50%) level is reached. If the escrow account shall go below fifty-percent (50%) of the initial deposit at any time, the Village shall cease any work on the project, including, but not limited to: consultant reviews, staff reviews, processing of applications or plans, issuance of building permits, inspection of improvements or building construction. Said escrow threshold may be increased or decreased by the Village based on billing trends for the project. Fees that are not paid within thirty (30) days after the date they become due and payable shall bear interest at the rate of eighteen-percent (18%) per annum and there shall be no further obligation on the part of the Village to continue any work or progress on any project on which such fees are not paid.

If excess funds are in the escrow account after acceptance of the improvements by the Village and the expiration of the warranty period for said improvements and after all outstanding bills have been paid, the excess funds shall be refunded to the subdivider without interest. Any shortage shall be billed to the subdivider and paid in accordance with the preceding paragraph.

#### 4. Inspections

During construction or remodeling work, inspections of the work performed shall be made on a periodic basis to inspect the various components of the construction. If the building official and/or his or her assignee determines, after a requested inspection, that the work fails to meet the requirements imposed by Village Ordinances or State Statutes and a second inspection of the same work is required a \$90.00 re-inspection fee will be charged. If a re-inspected item fails again, the reinspection fee is doubled. The re-inspection fee will be collected before the next regular inspection or re-inspection will be allowed.

#### 5. Contractor Registration

An annual “contractor registration” application is required for any person or entity engaged in or having obligations to do work in the Village where the scope of work requires a building permit. Such person or entity also shall:

- Comply with the Village’s General Insurance guidelines as established by resolution by the Village; and
- Submit with their registration application a license and permit surety bond, in the amount set from time to time by resolution by the Board of Trustees of the Village, for home repair or remodeling in conformance with applicable State, County, and Municipal codes.

The “contractor’s registration” application requirements do not require a homeowner to be registered as a building contractor or subcontractor to perform work at their own home, but any non-homeowner who is hired by the homeowner is required to comply with the contractor’s registration requirements.

## **6. Fee Waiver**

If construction, alteration or addition is being made for any public governmental body; there shall be no fee for permit, other than Village out-of-pocket costs and charges by outside agencies or consultants for reviews and/or inspections.

## **7. Structures Differ**

When a permit is issued but the structure for which the permit is issued is not the same as the permitted structure, the applicant shall pay an additional \$175.00.

## **8. Final Inspections/Occupancy**

Final inspection of any component or property is not a basis for occupancy of any home, unit, building or structure. Occupancy will not be allowed until the Village issues a certificate of occupancy after review of all prior inspection reports and inspection of the property for purpose of issuance of such certificate of occupancy permit and all required Village fees are paid.

## **9. Reservation of Rights**

The Village reserves the right to retain services for independent consultants, when it is deemed necessary, for plan review, inspections or consultation. All costs and fees associated with the performance of special professional inspections or professional plan review or consultation shall be borne by the permit applicant at the time of permit issuance or prior to the issuance of the certificate of occupancy for any inspection or consultant services incurred.

## **10. Fines & Penalties**

### **A. Permit Not Issued/Applied for (a/k/a Work Without a Permit)**

Where work for which a permit is required by Title 11 (Zoning Ordinance) or Title 9 (Building Code), is started or proceeded with, prior to obtaining said permit, by one who knows or should have known the requirement for said permit, a penalty shall be assessed to the person(s) performing such work as follows:

|                                | <b>RESIDENT</b> | <b>CONTRACTOR</b> |
|--------------------------------|-----------------|-------------------|
| <b>1<sup>st</sup> Offense:</b> | \$130.00        | \$250.00          |
| <b>2<sup>nd</sup> Offense:</b> | \$250.00        | \$500.00          |
| <b>3<sup>rd</sup> Offense:</b> | \$375.00        | \$750.00          |

The penalty is in addition to the required building permit fee. The payment of such penalty shall not relieve any persons from fully complying with the requirements of the building code and zoning ordinance in the execution of the work, nor from any other penalties prescribed herein.

### **B. Zoning Violations**

Any person who violates, disobeys, omits, neglect or refuses to comply with, or who resists the enforcement of any of the provisions of Title 11 (Zoning Ordinance) shall, upon conviction, be fined not less than twenty-five dollars (\$25.00), nor more than seven hundred fifty dollars (\$750.00) for each offense for each day the violation exists.

## **11. Village Staff Hourly Rates**

When reimbursement for Village staff time is required, the following rates shall be applied:

| STAFF HOURLY RATES     |          |
|------------------------|----------|
| Administration/Finance | \$100.00 |
| Public Works           | \$90.00  |
| Engineering            | \$90.00  |
| Police                 | \$90.00  |
