**VILLAGE OF SUGAR GROVE  
BOARD REPORT**

---

---

**TO:** VILLAGE PRESIDENT & BOARD OF TRUSTEES  
**FROM:** PATRICK ROLLINS, CHIEF OF POLICE  
**SUBJECT:** RESOLUTION: RATIFICATION TO PURCHASE TWO REPLACEMENT POLICE CHEVY TAHOE VEHICLES  
**AGENDA:** SEPTEMBER 17, 2024, REGULAR BOARD MEETING  
**DATE:** SEPTEMBER 11, 2024

---

**ISSUE**

Should the Village Board ratify the purchase of two 2025 Police Pursuit Chevrolet Tahoe Vehicles for the police department.

**DISCUSSION**

In accordance with the rotation of our police vehicles, Fiscal Year 2024-2025 Budget includes Capital Funds to replace two Police Vehicles.

Over the past couple of years, the window of opportunity to place a request with dealerships for ordering police vehicles opens and closes within a day or two of being released to the agencies through designated dealerships. Our experience over the past couple of fiscal years (22-23 and 23-24), we were able to place an order for Chevy Tahoe's once it nationally opened right away and were successful in getting what we ordered. Other government agencies were not so fortunate as they waited a few days to place their order, and it was too late do to the limited number of vehicles to be built.

The police department received notice on September 9<sup>th</sup> from the dealership that General Motors opened the ordering process for those in the State of Illinois. The notification mentioned that they were able to order 100 Tahoe's with GM last year. (Requested orders last year exceeded what was allotted for Illinois, as some agencies orders were unable to be fulfilled)

The police department budgeted \$87,487 per car (cost of vehicle, accessories, and outfitting, emergency equipment, computer, etc.) and was approved by the Village Board during the budget process. The police department will work within our budgeted means and will come back to the board if the overall costs will exceed the budgeted amount.

State of Illinois Government Pricing was provided by Miles Chevrolet to the agencies looking to order the Tahoe's. The new 2025 Police Pursuit 4-wheel drive Tahoe's with selected options amounts to \$58,146 per squad. Staff placed an order through Miles Chevrolet for two budgeted 2025 Chevy Tahoe's on September 9, 2024 in order to keep current with the vehicle replacement cycle and not lose the opportunity to place an order before the allotment of new squad orders is filled by agencies competing across the nation for a limited number of squads.

## **COST**

The overall budgeted build-out fully functioning police vehicle costs for a 2025 Chevy Tahoe Vehicles is \$87,487 per vehicle. The Fiscal Year 2024-2025 Capital Projects Fund, account 30-51-7006: Automotive Equipment includes \$174,974.00 for the replacement of two Police Vehicles.

## **RECOMMENDATION**

That the Village Board ratifies Resolution 2024-0917-PD for ordering two budgeted 2025 Chevy Tahoe Pursuit Vehicles with Miles Chevrolet and to also have it to be fully outfitted with necessary police equipment through other various vendors.

Ok, here we go! GM has given me the green light for the State of Illinois!

I have attached an order form for the 2025 Tahoe PPV's. Please take a look at it and email me back how many you want!! They have redesigned front, rear and dashboard!

I am taking names/orders on a first come basis. The faster you respond, the better the chances will be. Last year they capped me at 100. I am hoping to get more this year but don't have an exact number yet. I also am waiting for info as to when they will be building them!!

So, get your orders in quick to get a good spot in line! IF you have any questions, please let me know. I will also like to have a PO # with the order if possible.

Thanks and I appreciate your business!
