

BOARD REPORT

TO: VILLAGE PRESIDENT & BOARD OF TRUSTEES

FROM: DANIELLE MARION, COMMUNITY DEVELOPMENT DIRECTOR

SUBJECT: ORDINANCE: TEXT AMENDMENT TITLE 12, CHAPTER 4, SECTION 5 & TITLE 12, CHAPTER 10, SECTION 17 – SNOW PLOW AGREEMENT

AGENDA: June 2, 2026

DATE: May 21, 2026

ISSUE

Shall the Village Board approve an Ordinance approving a text amendment to the Village Code amending the Snow Plow Agreement requirements, specifically Title 12, Chapter 4, Section 5-4 – Agreement and Performance Guarantee and Title 12, Chapter 10, Section 17 – Snow Plowing Agreement.

DISCUSSION

The Village Board discussed the proposed text amendment to the Village Code at the May 19, 2026 Board meeting. Overall the Board did not express any concerns with the proposed amendment. There was discussion as to if the language should state as approved by the Public Works Director, but was determined that the Village Administrator would not approve anything without the Public Works Director reviewing and approving it first.

There have been several new subdivision developments recently within the Village. With the recording of the Final Plats of Subdivision the developers are required to enter into a Snow Plow Agreement with the Village. The recent execution of this requirement has brought to light some issues that staff feels need to be amended to make this requirement run more smoothly.

The first part of the proposed amendment would add language that clarifies that a Snow Plow Agreement is only needed if there are public roads and allows for the Village Attorney to review the agreement and the Village Administrator to sign the agreement. The previous process was that the agreement had to be approved by the Village Board and also technically required one even when there were no public roads, such as a final plat of subdivision that combines 2 residential lots.

The Second part of the amendment removes the exact Snow Plow Agreement that is written in our code in its entirety. The removal of the complete agreement language from the Village Code allows for there to be variations in each agreement and to have flexibility to make each agreement more specific to each development it applies to. With the entire agreement in the Village Code, there is no way to make any changes whatsoever. With the removal of the agreement, staff proposes to add an example agreement to the Villages Engineering Manual to still provide guidance on the substance of the agreement.

COST

The only cost associated with this is the cost to codify the text amendment.

TO: Village President and Board of Trustees
FROM: Planning Commission
DATE: Meeting of May 5, 2026
PETITION: 26-002 Text Amendment: Text Amendment Title 12, Chapter 4,
Section 5 & Title 12, Chapter 10, Section 17

PROPOSAL

The Village is proposing to amend section 12-4-5-4, Agreement and Performance Guarantee and Section 12-10-17, Snow Plowing Agreement as presented in Exhibit A.

BACKGROUND & HISTORY

The Village has had several new subdivision developments recently. As part of the requirements for recording the Final Plat of Subdivision a snow plow agreement must be entered between the developer and the Village. The recent execution of this requirement has brought to light some issues that staff feel need to be amended to make this requirement run more smoothly in the process.

The first part of the amendment would add language that clarifies that a snow plow agreement is only needed if there are public roads and allows for the Village Attorney to review the agreement and the Village Administrator to sign the agreement. The previous process was that the agreement had to be approved by the Village Board.

The second part of the amendment removes the exact snow plow agreement that is written in our code in its entirety. The removal of the complete agreement language from the Village Code allows for there to be variations in each agreement and to have flexibility to make each agreement more specific to each development it applies to. With the entire snow plow agreement in the Village Code currently, it does not allow for any flexibility or changes to be

made to the language of the agreement whatsoever. With the removal of the agreement, staff proposes to add an example agreement to the Village's Engineering Manual to still provide guidance on the substance of the agreement.

PUBLIC RESPONSE

After due notice, the Planning Commission held a public hearing on April 15, 2026. No objectors were present.

DISCUSSION

Commissioners discussed the proposed Text Amendment and wanted clarification on whether emergency services could still be provided to homeowners when a subdivision is not yet fully accepted. Staff provided clarification.

RECOMMENDATION

After carefully considering the facts, the Planning Commission recommends the Village Board **approve** the proposed Text Amendment attached in Exhibit A.
