

BOARD REPORT

TO: VILLAGE PRESIDENT & BOARD OF TRUSTEES

FROM: PAT ROLLINS, CHIEF OF POLICE

SUBJECT: RESOLUTION: PURCHASE OF TWO REPLACEMENT POLICE CHEVY TAHOE VEHICLES

AGENDA: 5/19/2026

DATE: 5/12/2026

ISSUE

Should the Village Board approve the purchase of two 2026 Police Chevrolet Tahoe vehicles for the department.

DISCUSSION

Following the rotation of our police vehicles, the Fiscal Year 2026-2027 Budget allocated funding to replace two police vehicles.

Miles Chevrolet, which holds the government contract through Chevrolet manufacturing, has additional new 2026 Police Chevy Tahoes scheduled for production off the factory lines. They advised that a few of the squads will be available to police agencies on a first-come, first-served basis.

Squad purchases over the past few years have been delayed or backordered for several reasons. Taking advantage of new squads earlier in the budget year will bring the department on track with the existing replacement schedule, since two squads will be replaced this fiscal year. The new squads will be rotated for patrol operations and will be fully marked squad cars.

At its April 14, 2026, meeting, the Village Board discussed this matter. The Board directed staff to bring it back for approval at its next meeting.

COST

The cost of the 2026 Chevy Tahoe is approximately \$61,279 per vehicle, plus \$44,162 for additional outfitting and equipment. The Fiscal Year 2026-2027 Capital Projects Fund, account 30-51-7006: Automotive Equipment, includes \$210,882 to replace two Police Vehicles. (Note:

a third squad car is also budgeted, but staff is holding off on its order until the police department remodel/addition project funding is complete.)

ATTACHMENTS

Order form from Miles Chevrolet for the two Chevy Tahoes

RECOMMENDATION

That the Village Board approve the purchase of the two 2026 Police Chevy Tahoe vehicles and the associated costs to outfit them, and that the Village Board waive the bidding process and approve Resolution # 2026-0519PD2 authorizing the purchase of two 2026 Chevy Tahoe vehicles, utilizing Miles Chevrolet and various vendors for outfitting them.
