VILLAGE OF SUGAR GROVE

ORDINANCE NO. 2016-0405E

AN ORDINANCE ADOPTING CERTAIN NATIONAL CODES (2015 INTERNATIONAL PROPERTY MAINTENANCE CODE)

BE IT ORDAINED by the Board of Trustees of the Village of Sugar Grove, Kane County, Illinois as follows:

WHEREAS; the Village of Sugar Grove is not a home rule municipality within Article VII, Section 6A of the 1970 Constitution of the State of Illinois and therefore pursuant to those powers granted to it under Chapter 24, Paragraph 132 et. seq. of the Illinois Revised Statutes, and,

WHEREAS; the Board of Trustees finds that the best interest of the Village of Sugar Grove and the health and welfare of the residents of the Village are best served by regulating the construction, reconstruction, and maintenance of buildings and structures within the Village,

NOW THEREFORE BE IT ORDAINED by the President and Board of Trustees of the Village of Sugar Grove, Kane County, Illinois, as follows:

SECTION ONE: That Title 9, Chapter 1 of the Village Code shall be amended as follows:

Adoption: That a certain document entitled “The International Property Maintenance Code, 2015 Edition” published by the International Code Council, 4051 West Flossmoor Road, Country Club Hills, Illinois, one copy of which is on file at the Building Division of the Community Development Department of the Village of Sugar Grove, is hereby adopted as the “Property Maintenance Code” for the Village of Sugar Grove for regulating and governing the conditions and maintenance of all property, buildings, and structures in the Village of Sugar Grove as provided; and each and all of the regulations, provisions, penalties, conditions and terms of said “International Property Maintenance Code, 2015 Edition” are adopted and made a part hereof, as if fully set out in the Code with the additions, insertions, deletions and changes prescribed in this ordinance.

SECTION TWO: That the sections of said codes adopted herein are revised and amended as follows:

Amendments: 2015 International Property Maintenance Code

1. **Section 101.1 Title** is hereby amended by replacing “[NAME OF JURISDICTION]” with “the Village of Sugar Grove”
2. **Section 102.3 Application of other codes** is hereby amended by entirely deleting and replacing with “Repairs, additions, or alterations to a structure, or changes of occupancy, shall be done in accordance with the procedures and provisions of the International Building Code, International Energy Conservation Code, International Fire Code, International Fuel Gas Code, International Mechanical Code, International Residential Code, Illinois Plumbing Code, and NFPA 70. Nothing

VILLAGE OF SUGAR GROVE

ORDINANCE NO. 20160405F

AN ORDINANCE ADOPTING CERTAIN NATIONAL CODES (2015 INTERNATIONAL RESIDENTIAL CODE)

BE IT ORDAINED by the Board of Trustees of the Village of Sugar Grove, Kane County, Illinois as follows:

WHEREAS; the Village of Sugar Grove is not a home rule municipality within Article VII, Section 6A of the 1970 Constitution of the State of Illinois and therefore pursuant to those powers granted to it under Chapter 24, Paragraph 132 *et. seq.* of the Illinois Revised Statutes, and,

WHEREAS; the Board of Trustees finds that the best interest of the Village of Sugar Grove and the health and welfare of the residents of the Village are best served by regulating the construction, reconstruction, and maintenance of buildings and structures within the Village,

NOW THEREFORE BE IT ORDAINED by the President and Board of Trustees of the Village of Sugar Grove, Kane County, Illinois, as follows:

SECTION ONE: That Title 9, Chapter 1 of the Village Code shall be amended as follows:

Adoption: That a certain document entitled “The International Residential Code, 2015 Edition” published by the International Code Council, 4051 West Flossmoor Road, Country Club Hills, Illinois, one copy of which is on file at the Building Division of the Community Development Department of the Village of Sugar Grove, is hereby adopted as the “Residential Building Code” for the Village of Sugar Grove for regulating the design, construction, quality of materials, erection, equipment, installation, alteration, repair, location, relocation, replacement, addition to, and use or occupying of detached one- and two- family dwellings and townhouses not more than three stories above-grade in height with a separate means of egress and their accessory structures in the Village of Sugar Grove as provided; and each and all of the regulations, provisions, penalties, conditions and terms of said “International Residential Code, 2015 Edition” are adopted and made a part hereof, as if fully set out in the Code with the additions, insertions, deletions and changes prescribed in this ordinance.

SECTION TWO: That the sections of said codes adopted herein are revised and amended as follows:

Amendments: 2006 International Residential Code

1. **Section R101.1 Title** is hereby amended by replacing “[NAME OF JURISDICTION]” with “the Village of Sugar Grove”
2. **Section R102.4 Referenced codes and standards** is hereby amended by adding the following sentence: “All references to the International Plumbing Code shall be deemed to mean the Illinois Plumbing Code.”

3. **Section R103.1 Creation of enforcement agency** is hereby amended by replacing “building official” with ‘Code Official” and adding the following sentence: “All references to building official in the 2015 International Residential Code shall be construed to refer to Code Official.”
4. **Section R103.2 Appointment** is hereby amended by replacing “The building official shall be appointed by the jurisdiction.” with “The Director of Community Development or their designee shall serve as the Code Official for the Village of Sugar Grove.”
5. **Section R104.10.1 Flood hazard areas** is hereby amended by entirely deleting.
6. **Section R105.2 Work exempt from permit** is hereby amended by entirely deleting items numbered Building 1, 2, 3, 4, 5, 9, and 10.
7. **Section R105.2.3 Public service agencies** is hereby amended by entirely deleting.

9. **Section R105.5 Expiration** is hereby amended by adding the following sentences: “Every permit shall expire and become invalid after a period of one year from the date of issuance. Invalid and expired permits shall be subjected to additional plan review including new fees for such review as well as administrative fees for issuing said permit.”
10. **Section R105.7 Placement of permit** is hereby amended by entirely deleting and replacing with “The building permit card shall be kept on the site of the work and be visible from the street until such time as a certificate of occupancy permit has been issued, or a final inspection has been performed and approved.”
11. **Section R106.1 Submitted documents** is hereby amended by adding the following sentence: “Construction documents shall be signed and stamped by an Illinois registered design professional for all new one- and two-family dwellings, townhouses, and all additions or alterations that require additional or changes to structural design.”
12. **Section R106.1.4 Information for construction in flood hazard areas** is hereby amended by entirely deleting and replacing with “For buildings and structures located in whole or in part in flood hazard areas, as established on local floodway rate maps, locally adopted flood plain ordinances shall apply.”
13. **Section R106.3.1 Approval of construction documents** is hereby amended by entirely deleting and replacing with “When the Code Official issues a permit, the construction documents shall be approved in writing or by stamp. One set of the approved construction documents as reviewed shall be retained by the Code Official. The other set shall be returned to the applicant and shall be kept on the site of the project and shall be open to inspection by the Code Official or his or her authorized agent / representative.”
14. **Section 108.5 Refunds** is hereby amended by entirely deleting and replacing with “The Code Official shall authorize the refunding of fees on a case by case basis.”
15. **Section R109.1 Types of inspections** is hereby amended by adding the following sentences: “Construction or work for which a permit is required shall be subject to inspection by the code

official and such construction or work shall remain accessible and exposed for inspection purposes until approved. Approval as a result of an inspection shall not be construed to be an approval of a violation of the provisions of this code or of other ordinances of the jurisdiction. Inspections presuming to give authority to violate or cancel the provisions of this code or of other ordinances of the jurisdiction shall not be valid. It shall be the duty of the permit applicant to cause the work to remain accessible and exposed for inspection purposes. Neither the code official nor the jurisdiction shall be liable for expense entailed in the removal or replacement of any material required to allow inspection.”

16. **Section R112.1 General** is hereby amended by replacing “The building official shall be an ex officio member of said board but shall have no vote on any matter before the board. The board of appeals shall be appointed by the governing body and shall hold office at its pleasure.” with “The Board of Appeals shall consist of the Village Board of the Village of Sugar Grove.”
17. **Section R112.3 Qualifications** is hereby amended by entirely deleting.
18. **Section R113.4 Violation penalties** is hereby amended by replacing "shall be subject to penalties as prescribed by law." with "shall be guilty of a petty offense, punishable by a fine of not more than \$750.00 or by imprisonment not exceeding 180 days, or both such fine and imprisonment. Each day that a violation continues after due notice has been served shall be deemed a separate offense."
19. **Section R114.2 Unlawful continuance** is hereby amended by replacing “shall be subject to penalties as prescribed by law.” with “shall be liable for a fine of not less than \$100.00 or more than \$750.00.”
20. **Section R114 Stop work order** is hereby amended by adding the following subsection: “**R114.3 Emergency.** Where an emergency exists, the code official shall not be required to give a written notice prior to stopping the work.”
21. **Section R202 Definitions** is hereby amended by entirely deleting and replacing the stated definition for Accessory Structure with “**Accessory Structure.** A use or structure which is subordinate to and serves a principal building or principal use; is subordinate in area, extent or purpose to the principal building or principal use served; contributes to the comfort, convenience or necessity of occupants of the principal building or principal use served; and is located on the same zoning lot as the principal building or principal use served. All accessory structures shall conform to all area, height, and setback requirements set forth in the Village of Sugar Grove ordinances.”
22. **Section R202 Definitions** is hereby amended by entirely deleting and replacing the stated definition for Manufactured Home with “**Manufactured Home.** A movable or portable unit, which is 8 body feet or more in width and is 32 body feet or more in length, and constructed to be towed on its own chassis (comprised of frame and wheels) from the place of construction to the location or subsequent locations, subject to the provisions of chapter 15 of the Illinois vehicle code, and designed to be used without a permanent foundation and connected to utilities for year round occupancy with or without a permanent foundation. The term shall include: (1) units containing parts that may be folded, collapsed, or telescoped when being towed and that may be expanded to provide additional cubic capacity, and (2) units composed of two or more separately towable components designed to be joined into one integral unit capable of being separated again

the panel, or the panel shall be mounted to structural mounting channel that provides a minimum 1/2 inch airspace between the panel and the wall, for the purposes of support and to help prevent moisture entering the panel. Such mounting shall allow panel replacement if required.”

3. **Article 210.8(B) Other Than Dwelling Units** is hereby amended by adding the following subsections:

(9) Crawl spaces - at or below grade level

(10) Unfinished basements

Exception No. 1 to (10): Receptacles that are not readily accessible.

Exception No. 2 to (10): A single receptacle or a duplex receptacle for two appliances located within dedicated space for each appliance that, in normal use, is not easily moved from one place to another and that is cord-and-plug connected in accordance with 2014 National Electrical Code sections 400.7(A)(6), (A)(7), or (A)(8).

Exception No. 3 to (10): A receptacle supplying only a permanently installed fire alarm or burglar alarm system shall not be required to have ground-fault circuit-interrupter protection.

(11) All general use receptacles installed within 6'-0" of the outside edge of a sink or mop basin - excluding critical care areas in health care facilities where the toilet and basin are installed within the patient room.”

4. **Article 210.52(C)(2) Island Counter Spaces** is hereby amended by adding the following sentence: “At least one receptacle outlet shall be installed at each end of an island counter space.”
5. **Article 210.52(G)(1) Basement, Garages, and Accessory Buildings** is hereby amended by adding the following sentence: “A minimum of one overhead receptacle shall be installed for each garage door in any residential dwelling unit in addition to the code required garage convenience receptacle.”
6. **Article 210.70(A)(3) Storage or Equipment Spaces** is hereby amended by adding the following sentence: “When a sump pump or ejector pump is installed in an area not illuminated, a light shall be provided.”
7. **Article 210.70 Lighting Outlets Required** is hereby amended by adding the following subsection: “**(D) Illumination of Mechanical Equipment.** All occupancies shall have luminaries installed within six (6) feet of the front of all electric panels and within six (6) feet of mechanical heating equipment to enable servicing the equipment.”
8. **Article 210.70(A) Dwelling Units** is hereby amended by adding the following subsection: “**(4) Ceiling Box Support.** All ceiling mounted lighting outlet boxes installed more than three feet from all walls of any room in a dwelling unit shall be listed and shall be marked by the manufacturer as suitable for sole-support of a ceiling-suspended (paddle) fan and shall be secured according to the listing directions. The marking shall include the maximum weight to be supported. Dwelling garages, basements, closets, and bathrooms are excluded.”
9. **Article 225.35 Access to Occupants** is hereby amended by adding the following sentences: “Each tenant shall have direct access to a main service disconnecting means and all panel boards, etc. that contain breakers or fuses that protect any electrical devices in that tenant unit. (Direct

access means a common area that has no locks or the tenant can get to the panel or switchboard without going through another tenant space.)”

10. **Article 230.1 Scope** is hereby amended by adding the following sentence: “Electrical service attachments shall be installed in accordance with the requirements of the electrical utility company, subject to the approval of the Code Official.”
11. **Article 230.30 Installation** is hereby amended by adding the following subsection: “**(C) Service Conductors in Yards.** Electrical services for single-family homes shall be located on the side of the house closest to the electrical source. The service may only be located on the rear of the house if the garage is located on the side closest to the electrical source. All conductors running from the electrical source shall run parallel to the property line to a point 90 degrees from the electrical service. Conductors shall not run through any portion of the rear yard that would prevent the homeowner from constructing an addition or pool without having to relocate the electrical service conductors.”
12. **Article 230.70 General** is hereby amended by adding the sentence: “The service disconnecting means shall be installed at a readily accessible location, either outside of a building or structure, or inside at or within 5 feet of the meter enclosure” and by adding the following subsection: “**(D) Exterior Disconnect for Services Over 400A.** All buildings with a main service at 400 amps or more shall provide a means of disconnect at the building exterior.”
13. **Article 230.91 Location** is hereby amended by adding the following sentence: “The service overcurrent device shall be connected by no more than 5 feet of raceway or service entrance cable from the meter device in dwellings.”
14. **Article 240.24(B) Occupancy** is hereby amended by adding the following sentences: “Each tenant shall have direct access to a main service disconnecting means and all panel boards, etc. that contain breakers or fuses that protect any electrical devices in that tenant unit. (Direct access means a common area that has no locks or the tenant can get to the panel or switchboard without going through another tenant space.)”
15. **Article 300.1(A) All Wiring Installations** is hereby amended by adding the following subsection: “**(1) Non-residential Uses.** With the exception of one- and two- family dwellings and townhouses, all current carrying conductors exceeding 50 volts shall be installed in rigid metal conduit, intermediate metallic conduit, electrical metallic tubing, or flexible metallic tubing with the exception that PVC conduit can be used for corrosive or other special application areas.”
16. **Article 300.11 Securing and Supporting** is hereby amended by adding the following subsection: “**(D) Independent Supporting Methods.** All lighting fixtures, panel boards, switchgear, and / or supporting devices for conduit systems, installed in buildings or structures shall be installed and supported by the building structural components, completely independent of roof or floor deck, piping or ductwork, drywall, or ceiling tile. Lighting fixtures (in ceiling grid systems) shall be supported in accordance to manufacturer’s requirements.”
17. **Article 314.3 Nonmetallic Boxes** is hereby amended by adding the following sentence: “The use of non-metallic boxes is prohibited except for low voltage applications.” and entirely deleting exceptions 1 and 2.

18. **Article 334.40(A) Boxes of Insulating Material** is hereby amended by entirely deleting
19. **Article 334.10 Uses Permitted** is hereby amended by adding the following sentence: "Type NM, Type NMC, and Type NMS cable wiring methods shall be permitted to be used in one- and two-family dwellings and townhouses only."
20. **Article 334.15 Exposed Work** shall be amended by adding the following subsection: "**(D) All Unfinished Areas.** Any exposed cable 7 feet (213.36cm) or closer to the floor must be protected with a durable building material or sleeved in an approved manner."
21. **Article 394 Concealed Knob-and-Tube Wiring** is hereby amended by adding the following subsection: "**394.9 Uses prohibited.** The use of concealed knob-and-tube wiring is prohibited. Existing installations shall not require removal, alteration, or abandonment of, nor prevent the continued utilization and maintenance of properly maintained knob-and-tube wiring lawfully in existence at the time of the adoption of this code. Such installations may only be repaired and shall not be expanded."
22. **Article 404.8(A) Location** is hereby amended by adding the following sentences: "The required wall switch for lighting outlets at every habitable room, bathrooms, accessible attics, underfloor spaces, utility rooms, each area of an unfinished basement, and equipment spaces shall be installed at the usual point of entry to these spaces."
23. **Article 695.3(B) Multiple Sources** is hereby amended by adding the following subsection: "**(3) Signage.** Where a generator provides a secondary source for a fire pump, and the generator feeds other systems, clearly marked key operated shunt trip switch/es must be provided at the fire panel allowing Fire Department personnel the ability to open main breakers to panels not feeding the fire pump."
24. **Article 701.5 Transfer equipment** is hereby amended by adding the following subsection: "**(D) Transfer Equipment Requirements:** Open type transfer switches are the only approved method for connection of standby systems. All transfer switch connections shall be "break before make" to insure the complete separation from the utility system and the generator supply. No parallel operation with the utility system shall be allowed. A minimum time delay of three (3) seconds and a maximum of ten (10) seconds after loss of utility power should be established before starting the generator. Utilization of Kirk Key systems or other mechanical means of isolating generating sources from the utility source are not allowed."

SECTION THREE: Miscellaneous

A.
