

The Upper Echelon:

Will be the first of its kind in the Greater Cincinnati area! We will offer our brow waxing and threading services as well as 10-15 minute express makeup applications for women who have special occasions scheduled or something as simple as a date with their girlfriends or husbands. The best part is that our clients will be able to drink a "BROW-TINI" while receiving their service. The Upper Echelon will cater to the upscale clients of Madeira, Blue Ash and Kenwood as well as drawing clients from other cities! The Upper Echelon will be a fast paced upbeat environment where clients know they will receive professional and expert service! Twice a month we will have wine tasting events for existing Micro-Wines clients and in order to expand our own client base. We will also sell carry out wine to clients who are interested in purchasing our featured wines of the month. The Upper Echelon will be a great addition to Sycamore Township and draw people from every area of Cincinnati to patronize the surrounding businesses! Our store hours will be Monday-Friday 9:00-10:00, Sunday from 12:00-6:00.
