Old Business:

- There was no other news from the Tuscola High School Athletic Department regarding the boards' decision to decline the sponsorship offer in lieu of tennis court use.

New Business:

- We received a \$250 donation from Mr. and Mrs. Robert Smith.
- Mike's party went very well. He and Rachael really had a nice time.
- We are currently looking into the possibility of keeping our day care open the same hours as the entire facility and also not charge our members. There will be a non-member fee. A time line for this procedure has not yet been established.
- I faxed our plan to move the weight machines to the upstairs area to the structural engineer in Asheville (Robin Kanipe). He responded and assured that we would not have an issue according to the weight. The floor can support 80 lbs per square foot.
- Donald Hummel and Joel Brookshire received positive comments from the players and coaches from this Fall's softball season. (i.e. "The best season that has been played so far"... "Better officiating this year"... "League has been very enjoyable"... "Overall season was very good")
- The Haywood County Fitness Challenge won the Golden Project Award. The project included several people from different organizations. Scot Worley represented our department.
- Tim Plowman is working with the car show club here in Waynesville in order to possibly host a show this summer.
- We had a dance for grades 3 - 5 on October 6. It went very well. We had roughly 250 children attend. We are in gratitude to the Waynesville Police Department for co-sponsoring the dance with us.
- We had a judo tournament this weekend at the Old Armory. People from over 5 states attended.
