12. Ohio Avenue – from A Street to B Street
13. Park Drive
14. Rita Place
15. Westfield Drive
16. Wood Street – from Main Street to Locust Street
17. Woodview Drive

The paving was performed by Cox Paving.

Leaf Crew in Action

The fall Leaf Collection program resulted in a total of 1,535 cubic yards of leaves being picked up and hauled away from Wilmington neighborhoods.

A new project started in 2015 was the Civic Sign Project. This signage will be located at key entry points to the city and will feature signs of participating civic groups and religious organizations. A total of six entryway sign locations are planned, with the first two already in place on South Street and Rombach Avenue.
